Bryan High School

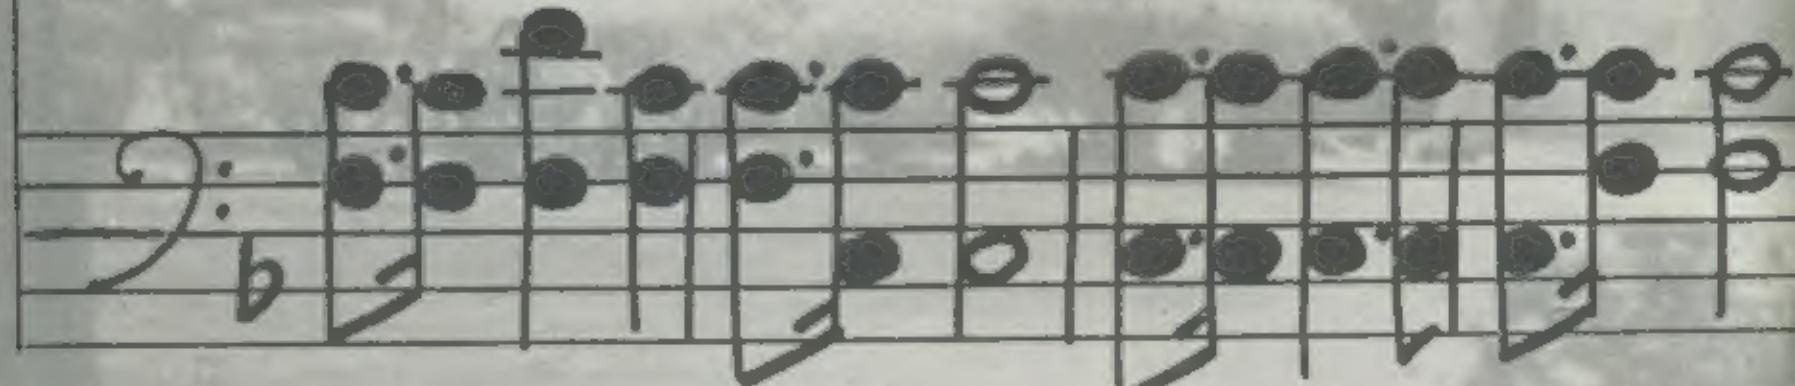

Alma Mater

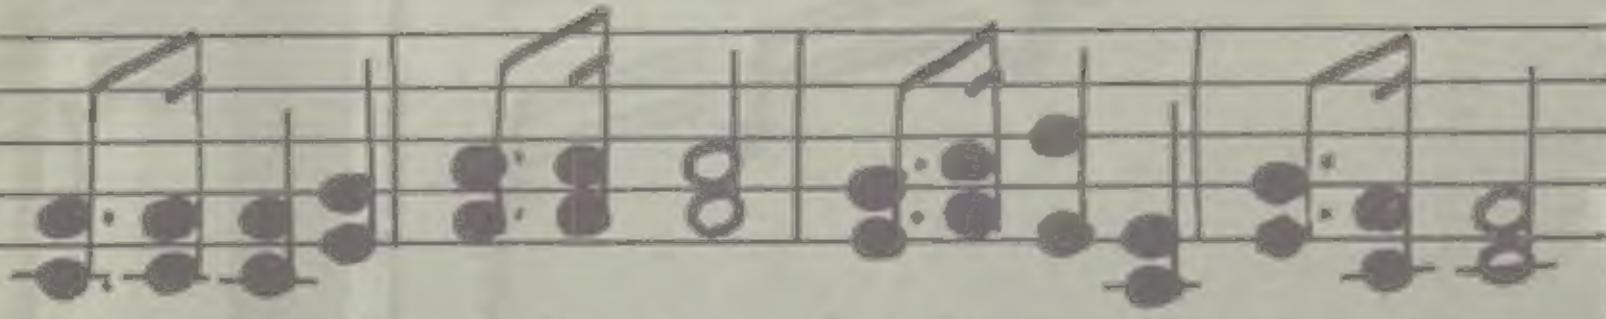

1. When the sun fades far away In the crimson of the West,
2. When at last we leave thy halls For the battlefields of life.

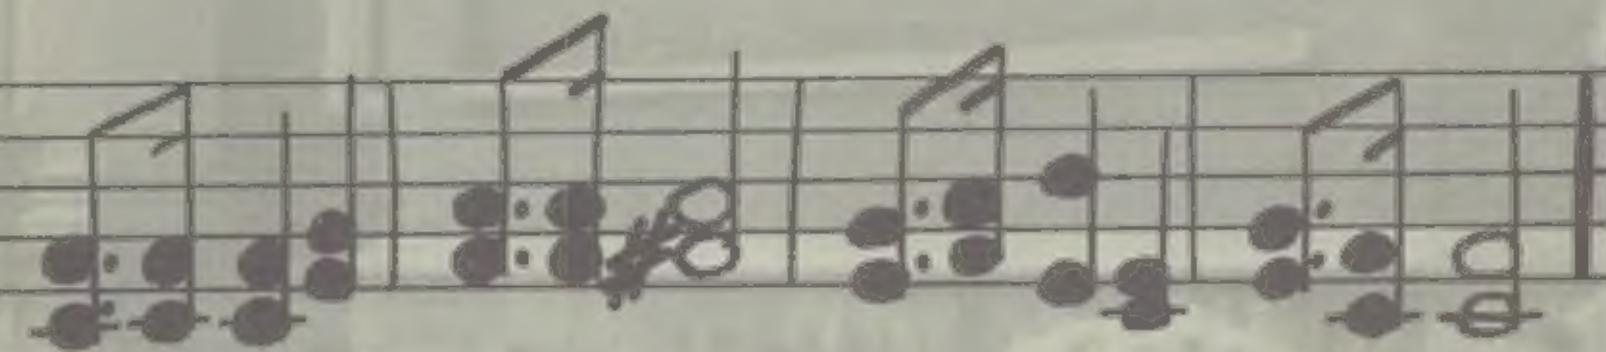

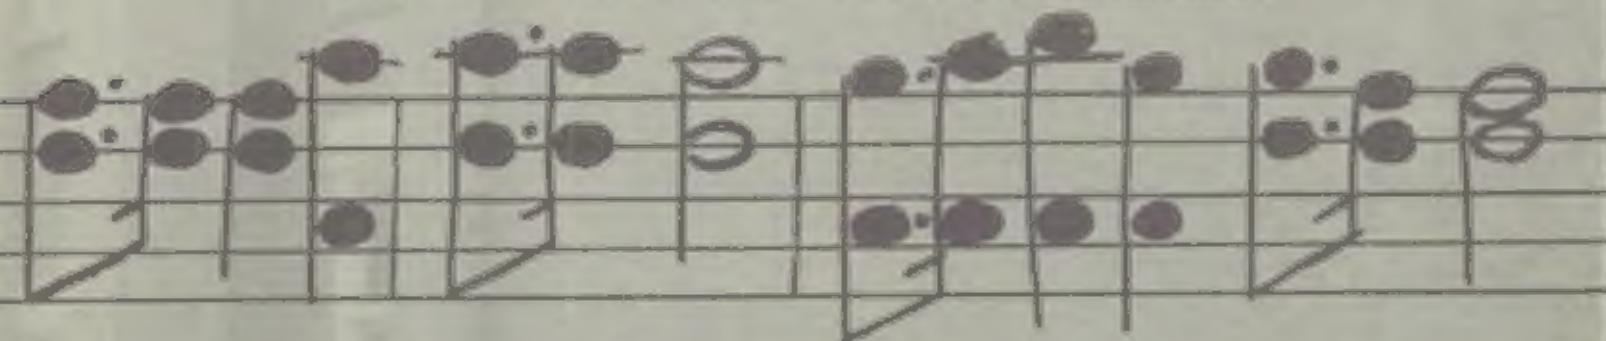

Bryan Hi, oh Bryan Hi, May thy praises never die.

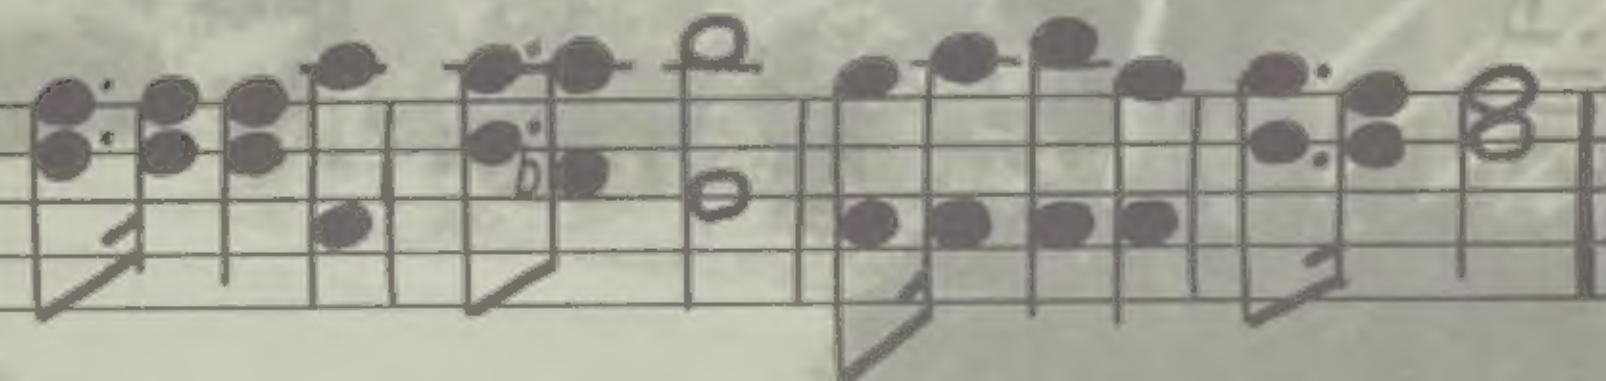

Lingers there its parting ray On the school we love the best,
May we heed thy clarion calls And be heroes in the strife.

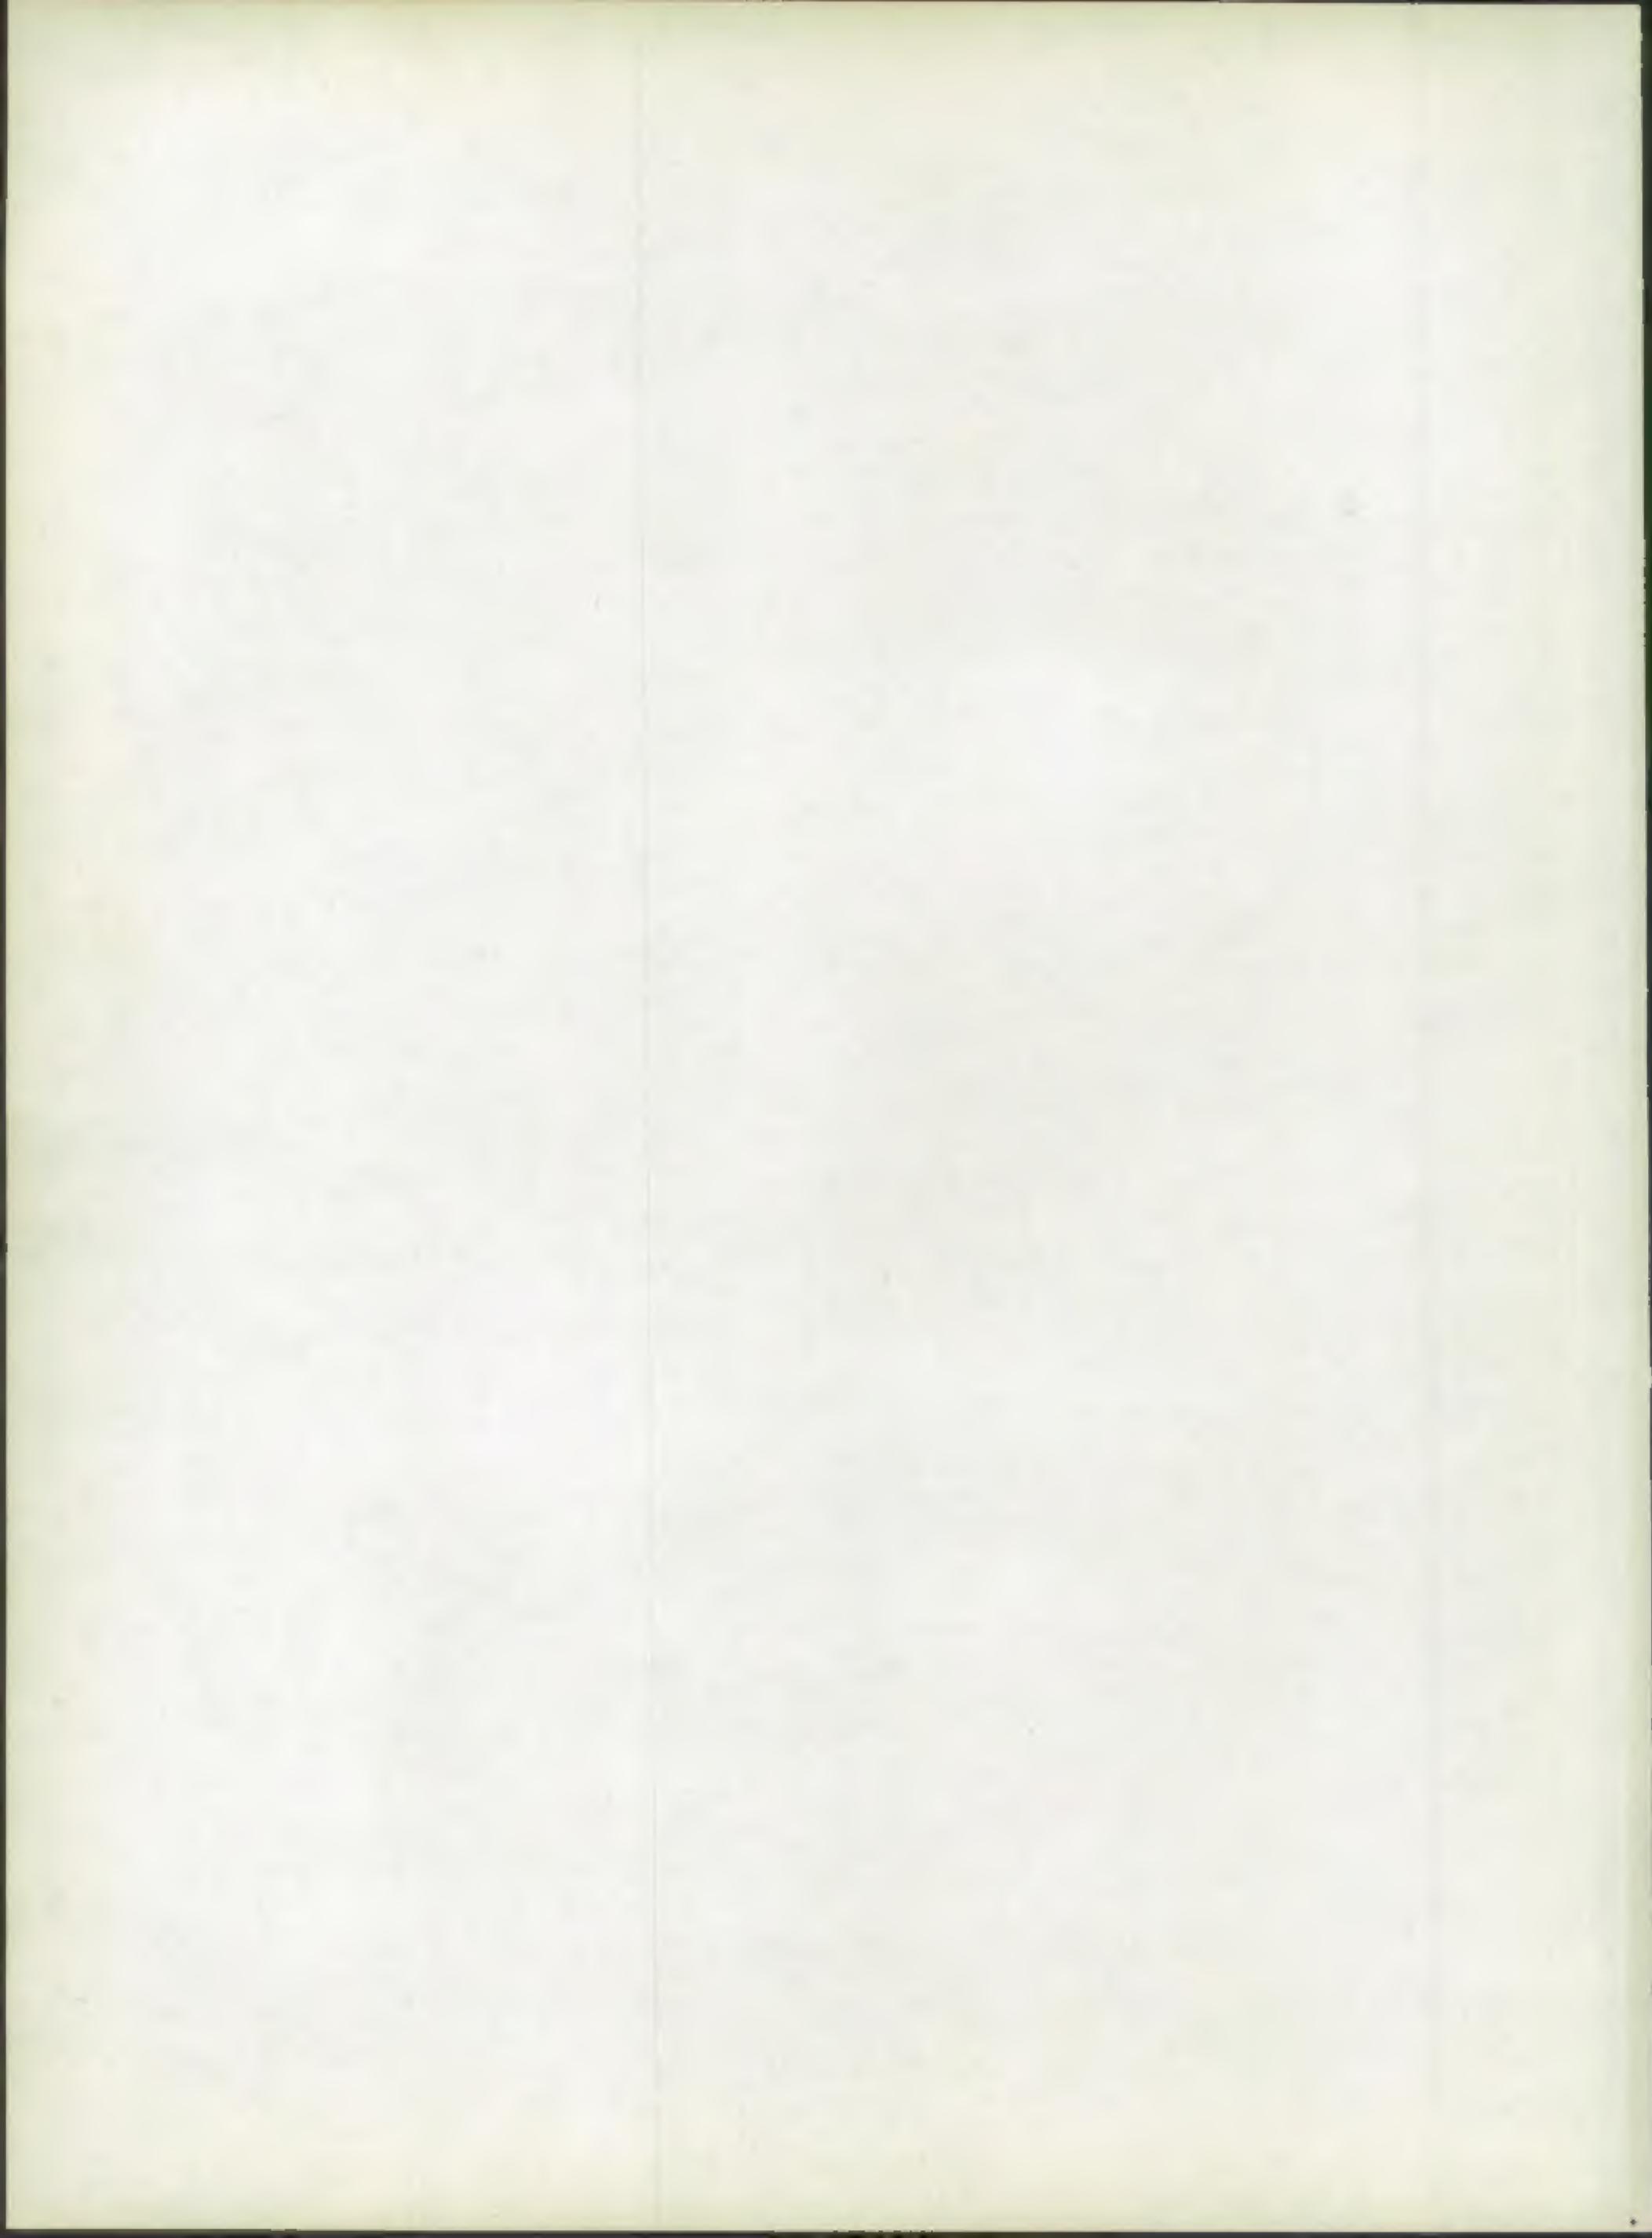

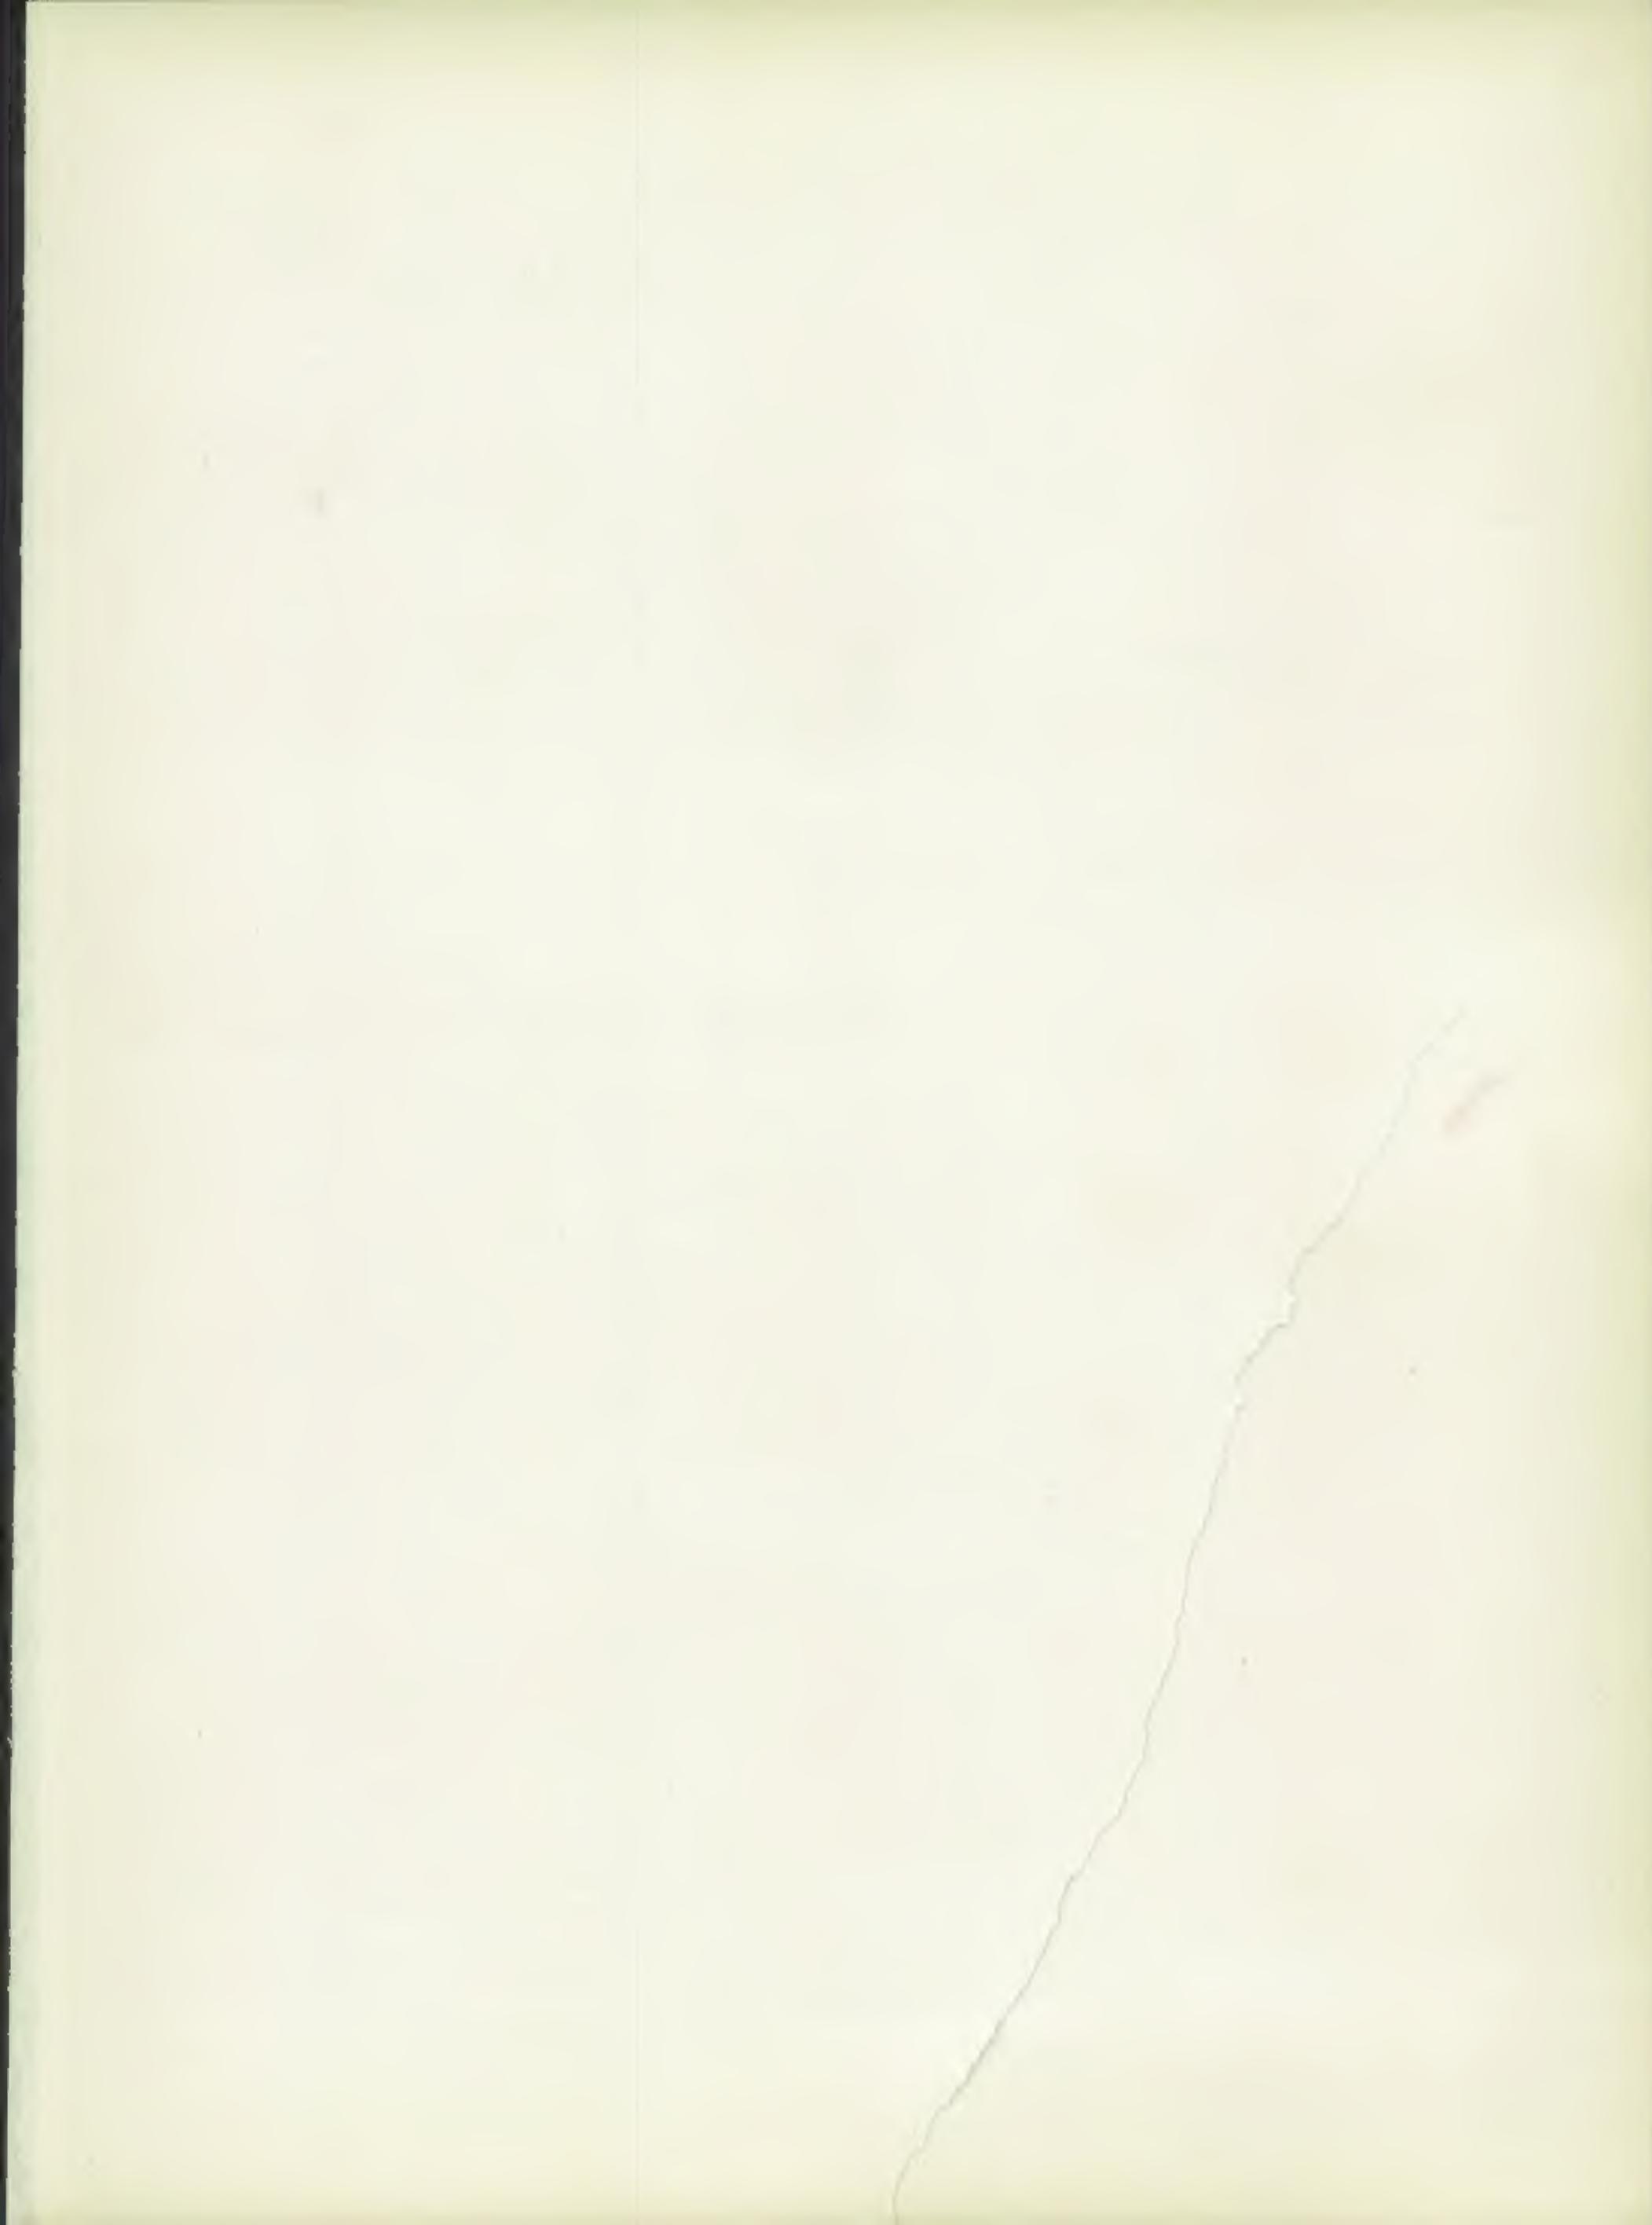

Sing we now our love to thee, Love to thee, oh Bryan Hi.

Tune "*Maryland, My Maryland*"

OUR SCHOOL

Our school is a place that will hold many pleasant memories for us. We will remember our classrooms with their armchairs, blackboards, colorful bulletin boards, and the interesting pictures given to us by the alumni. Here we learned to study and to get along with our classmates... We will never forget the crowded halls and all the fun we had getting to our lockers in the "cubby hole" during our senior year... We will recall quiet hours of reading in the library, and the large study hall where we struggled with our assignments... And who will ever forget the clatter of typewriters, the sounds of the machine shop, the voices of the choir, the tune-up. notes of the band and orchestra, the strange odors from the chemistry lab, the fragrance of the home economics department, and the stir of small living things in the biology room?... We will remember the auditorium, too, for it was there that we saw the curtain go up on our school plays, went to assemblies, and finally, from its stage, we graduated... The gymnasium is another unforgettable place, with our physical education classes, intramurals, pep sessions, and basketball games. In our more romantic moods we dimmed the lights and danced in it...

Yes, our school gave us a place to do all the things we needed to do while we were growing up. Then, this year, we outgrew it. Future classes will have a new building to remember, but it can hold no finer memories for them than our school does for us.

To Walter Robrock

(Excellent teacher, true friend)

Now you know the secrets you
spent a life to learn,
How the plants are growing, what
makes a firefly burn.
There is much to ponder, a great
unknown to dare,
You have left a torchlight, one we
would guard with care.
Warmth of humble justice and
truth can not be stilled,
Your beloved position can never
be refilled,
Colleagues, friends, and loved ones
acclaim your honored place,
We are better people for having
known your grace.

We can hear you singing our Alma
Mater song,

We can see you winging in aircraft
proud and strong.

Now you hold the secrets we
search on to know,

How the plants are living, what
makes a firefly glow.

IN MEMORIAM

We, the class of 1957, dedicate this annual to Walter Robrock, who was both a teacher and a friend to us.

Mr. Robrock taught in Bryan for thirty-three years and during that time he taught approximately five thousand students. He was very much interested in science, photography, literature, music, and aeronautics. Through these fields he touched the hearts of many people.

All of the students who have been on the annual staffs since 1936 will never forget Mr. Robrock's lasting patience and assistance, as he advised the production of twenty one year books.

We will never forget Mr. Robrock and all of his many kind and generous deeds that he would never take credit for. This dedication is our way of expressing our admiration and affection for the late Mr. Robrock.

We remember Mr. Robrock often at the keyboard. For church organ or dance music, he had an unusually keen sense of harmony and rhythm. He was trained in music, but complained that the notes "got in his way" and he usually played without them. He conducted a B.H.S. dance band for eighteen years and always helped with school dances and the Minstrel Show.

All of Mr. Robrock's hobbies he performed with scientific excellence. He trained student photographers for years, many of whom went on into technical advancement with it. Three of his students won national prizes. He is shown here with Maurice Thierry in 1949.

When the "new" wing of our school was built in 1939, Mr. Robrock designed the science laboratory as part of his Master's degree work at Colorado U., and it was one of the best of its time. Science was, to him, a philosophy of continual curiosity about the universe we live in. He is shown here with students in 1952.

Humble about his many accomplishments, Mr. Robrock indulged somewhat in pride when he received his private pilot's license at fifty-one and two years later his commercial license. He loved taking students up in his Aeronca and estimated that he had given about seven hundred people their first ride in a plane. In 1953 he was honored at the Wright Memorial banquet in Washington D.C. for his work in aviation education.

OUR SCHOOL is a place where the teachers and administrators guide as well as supervise the students. Through them, our outlook on life is broadened and their influence is reflected in our attitudes and actions. What we are now and what we will make of our lives depend on us, but without the patient guidance of our teachers it would be difficult to see the way clearly.

Throughout our lives we will remember our teachers, our principal, our superintendent, and our board of education. We hope that their memories of us will be enriched by our gratitude to them.

Permits and problems keep Mr. Newell, Mrs. Kuhn, and Mrs. Rychener busy at the office counter in the moments before the bell.

Leadership Counts

Teamwork Starts at the Top

Although Mr. Newell has been our principal for only two years, he has won a firm place in our hearts for his interest in and concern for the welfare of each student. He believes that high school should give every young person a variety of experiences and a basic philosophy of life along with academic training.

Mr. Newell is a graduate of Kalamazoo College where he earned a Bachelor of Arts degree; later he received a Master of Science degree at the University of Michigan.

A former coach, Mr. Newell is a strong sports enthusiast. He supports all of our extra-curricular activities whole-heartedly.

Mr. Newell is an advisor of Student Council and the National Honor Society. He is keenly interested in both organizations and has contributed many worthwhile and useful ideas to each. He has also done much to make our guidance programs during the last two years more varied and interesting.

The Newells have five children, two of whom are in high school and help keep our principal close to student life.

Mrs. Bernard Kuhn, a B.H.S. graduate of 1955 is Mr. Newell's secretary.

Superintendent Howard W. Rogge

With our rapidly rising enrollment, Superintendent Howard Rogge and the Board of Education have found that providing adequate room for the students has become a major problem. With the passage of a \$1,175,000 bond issue last year, the situation will soon be improved by the completion of our new high-school building.

Mr. Rogge has been a Bryanite for fourteen years, having come here from Swanton, Ohio, as our principal in 1943. He has been our superintendent since 1947 and can well look with pride on the development of Bryan schools during his administration.

Mr. Rogge holds a Master's degree in School Administration from Ohio State University, having done undergraduate work at Bowling Green and Ohio Northern. He serves on several professional committees, including the Ohio Education Association Public Relations Committee, the State Department of Education Transportation Committee, and the Northwest Ohio YMCA Board.

The Rogges have two children. Their son is now attending Ohio State University and their daughter is in high school.

Mrs. Kenneth Rychner, Mr. Rogge's secretary, is a graduate of 1944 from Bryan High School. In addition to her regular office duties, she keeps a scrapbook of clippings of school activities, thus making a valuable reference history of B.H.S.

OLD FRIENDS MEET Bryan board members have had long associations together. Around the table left to right Mr. H. W. Rogge, superintendent; Mr. Russell Mignery,

clerk, Mr. F. R. Parker, Mr. Arthur Spletzer Jr., Mr. Hugh A. Lindsey, Mr. Carl Miller, and Mr. Howard Maneval.

School Board Builds for Our Future New High School Demands Extra Time and Effort

Every first and third Monday of each month will find the Board of Education discussing the problems of our schools and how they will solve them. The members of the school board are Mr. Maneval, Mr. Mignery, Mr. Lindsey, Mr. Parker, Mr. Miller, Mr. Spletzer. These men have given their time and service to better our schools for many years. Over the past six years they have worked on three building projects, one of which is the new high school is now

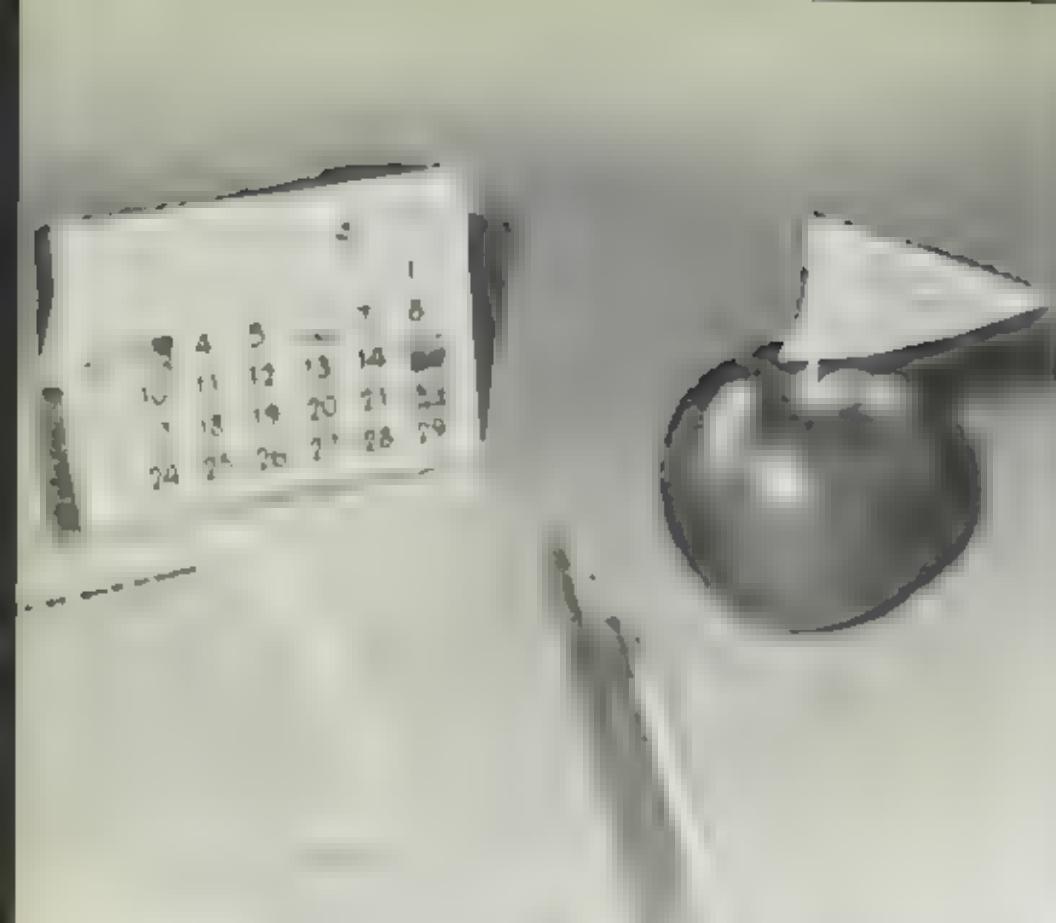

being constructed.

The increasing enrollment in our schools is constantly a major concern of the board. Since 1945 when this year's graduating class was in the first grade the number of our school has doubled.

The board members have done a very good job of keeping up with modern education and giving us the benefits of a good education.

A HISTORIC MOMENT: July 31, 1956, initiated the beginning construction of our new high school. Mr. Lindsey holds the honors while looking on are Mr. Parker, Tony Weaver, and Mr. Robert Weaver, contractor and son. Mr. Miller, Mr. Rogge, Mr. Maneval, and Mr. Spletzer.

"An Apple for the Teacher"

Orchids, Too, for Our Faculty

The year began on a cheerful note as each teacher found his desk brightened by a shiny red apple with a perky pennant reading "Pleasant teaching!" a greeting from Principal Newell.

We hear much about teacher shortages and the difficulties of persuading people to make teaching their profession. Therefore, we know that every teacher we have is dedicating his life to giving us a start in ours.

A QUARTET (not barbershop) of doughty men who keep things running: Clarence Davis, Ralph Perry, Tom Guise, Delber Long

OUR FOUR CUSTODIANS, Ralph Perry, Delber Long, Tom Guise, and Clarence Davis, work many hours after school is out of the summer keeping our school building an attractive place to be. Last summer they renovated and decorated three classrooms to replace the sixth grade room replaced by the razing of Park School, partitioned the music room, and painted the gym. Mr. Davis joined the faculty this year; the former sixth grade rooms were evacuated. In addition to keeping our building in good condition, they care for the lawn, sidewalks, and playgrounds.

Mr. Perry and Mr. Long are substitute firemen and all our custodians have had special training in tending fires and boilers.

THOUGH A SCHOOL BUS is no "hot rod," the men who pilot them are well-trained drivers with chauffeurs' licenses and first aid certificates. Reporting at the bus garage on South Walnut Street at even each morning, they bring in capacity loads of pupils. One route is urban, six go through our school district, and the eighth bus comes in from Pulaski each morning. In addition to the drivers pictured Earl Critchfield served a part of the year and Delmer Long assists as a substitute driver.

Our bus drivers also share with us some of the most interesting trips to athletic events, parades, and other field trips.

MRS. GRACE CARR, with the assistance of Lucile Struble and Beulah McGlenen, is in charge of running the Lincoln and Washington cafeterias. Nine women and sixteen students are employed as cooks and helpers. This year the cafeterias served approximately 115,000 meals in comparison with 104,885 last year and 46,761 in 1951 when the cafeteria was started. The favorite menus of the students are "Grace's" hamburgers, chicken sandwiches, sloppy joes, and her special holiday meals.

MRS. HELEN SETTLES, our school nurse, is a graduate of Western Pennsylvania Hospital. She has been our friend as well as nurse for seven years. During an average day Mrs. Settles sees about thirty high school students. In addition to her work at the high school, she also travels to both Lincoln and Washington schools every morning.

During the year Mrs. Settles supervised the T.B. Patch Tests, the annual fifth grade physicals, and assisted Mrs. Zeller with the Dental Clinic.

ALBUM

IN OUR SCHOOL the study hall is a crossroads where everyone, seventh grader to senior, spends some time at a desk by himself dealing with his class assignments. Its orderly rows of 154 seats seem to stretch endlessly into dim distance, but this year we outgrew it. In spite of extra seats on the stage, we often had overflow study halls in other rooms. But here we all came in pursuit of our own individual intellectual advancement.

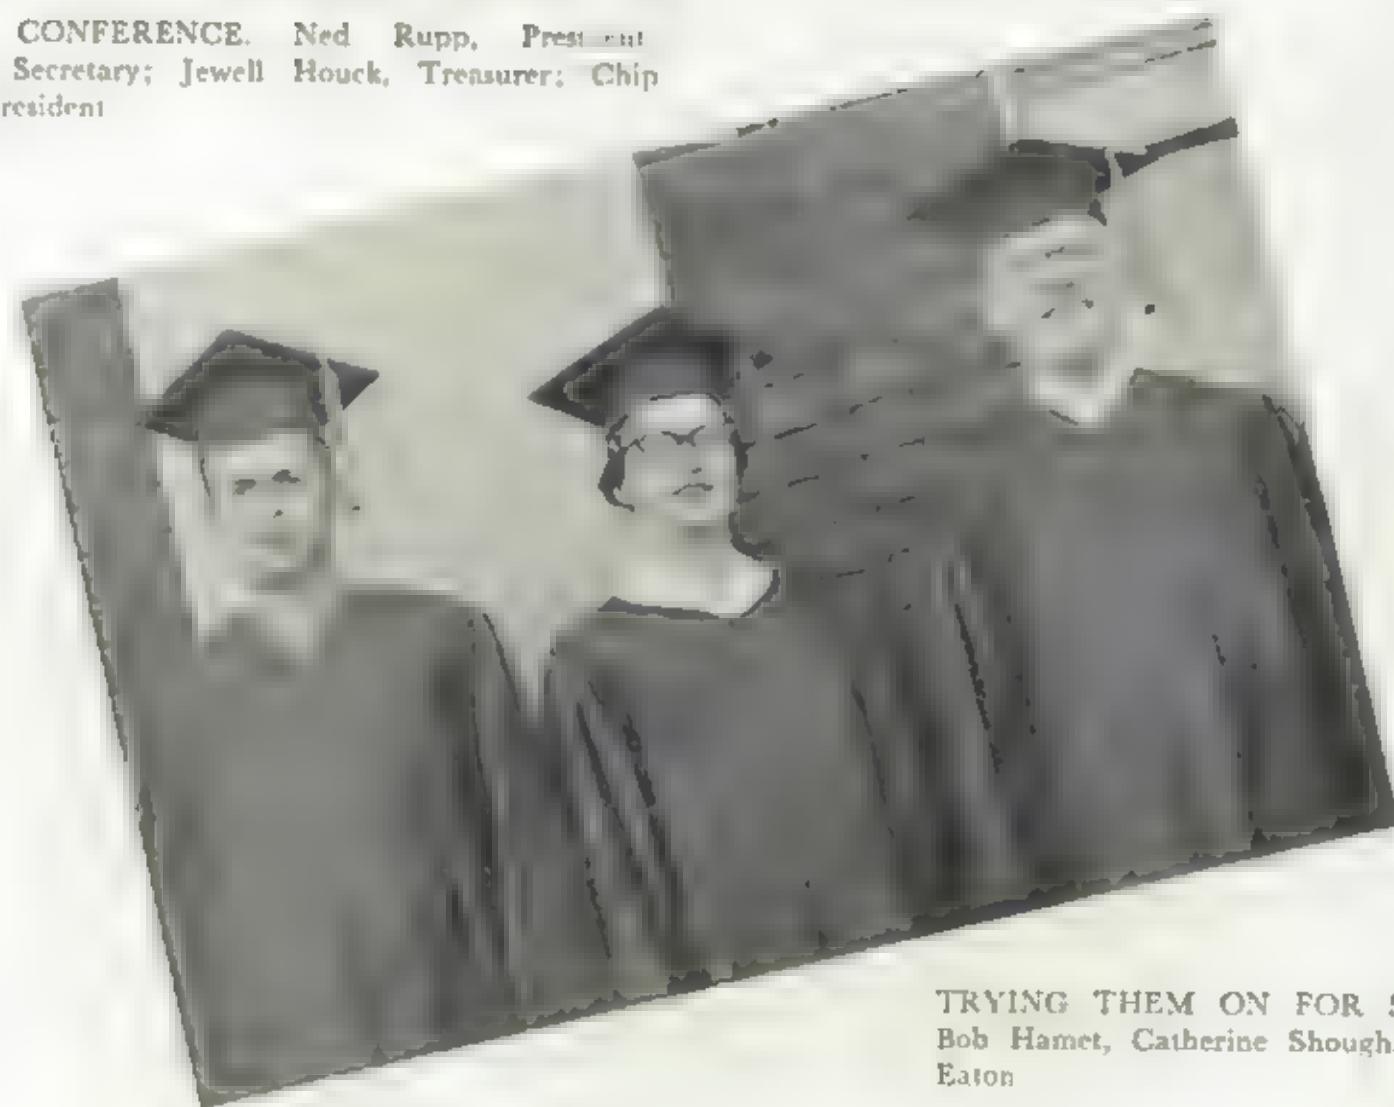

Here we are—all sizes, all ages, all degrees of determination to get that assignment!

In Memoriam

CAROLYN WHEELER

The Class of 1957 will always remember affectionately their classmate, Carolyn Wheeler, who died after a short illness on July 20, 1955. Her friendly personality, her enthusiastic participation in sports, and her pleasant disposition have been missed by all of us.

Student Librarians Serve up Literary Menu

Pick up, Put Away, Sign out, Pick up, Put Away

The in-and-out circulation of sixty to a hundred and sixty books a day keeps student librarians busy. They give up some of their own study periods to help their fellow students find the books they want in our eight-thousand book collection, and to keep books and magazines in order. Under Mrs. Robrock's supervision, they learn technical fundamentals so that they can consider librarianship as a career. Re-

search work in the fields of history and sociology was especially heavy this year. Purchases included a set of the *Dictionary of American Biography*, as well as books of general interest. The library was used almost every period for study-hall overflow, and Miss Barstow and Miss Maneval served as supervisors when Mrs. Robrock was scheduled elsewhere.

Seventh Graders Find Their Way Around

CLASSROOM LIBRARY Manel Goeltzenlechter and Bob Kipp

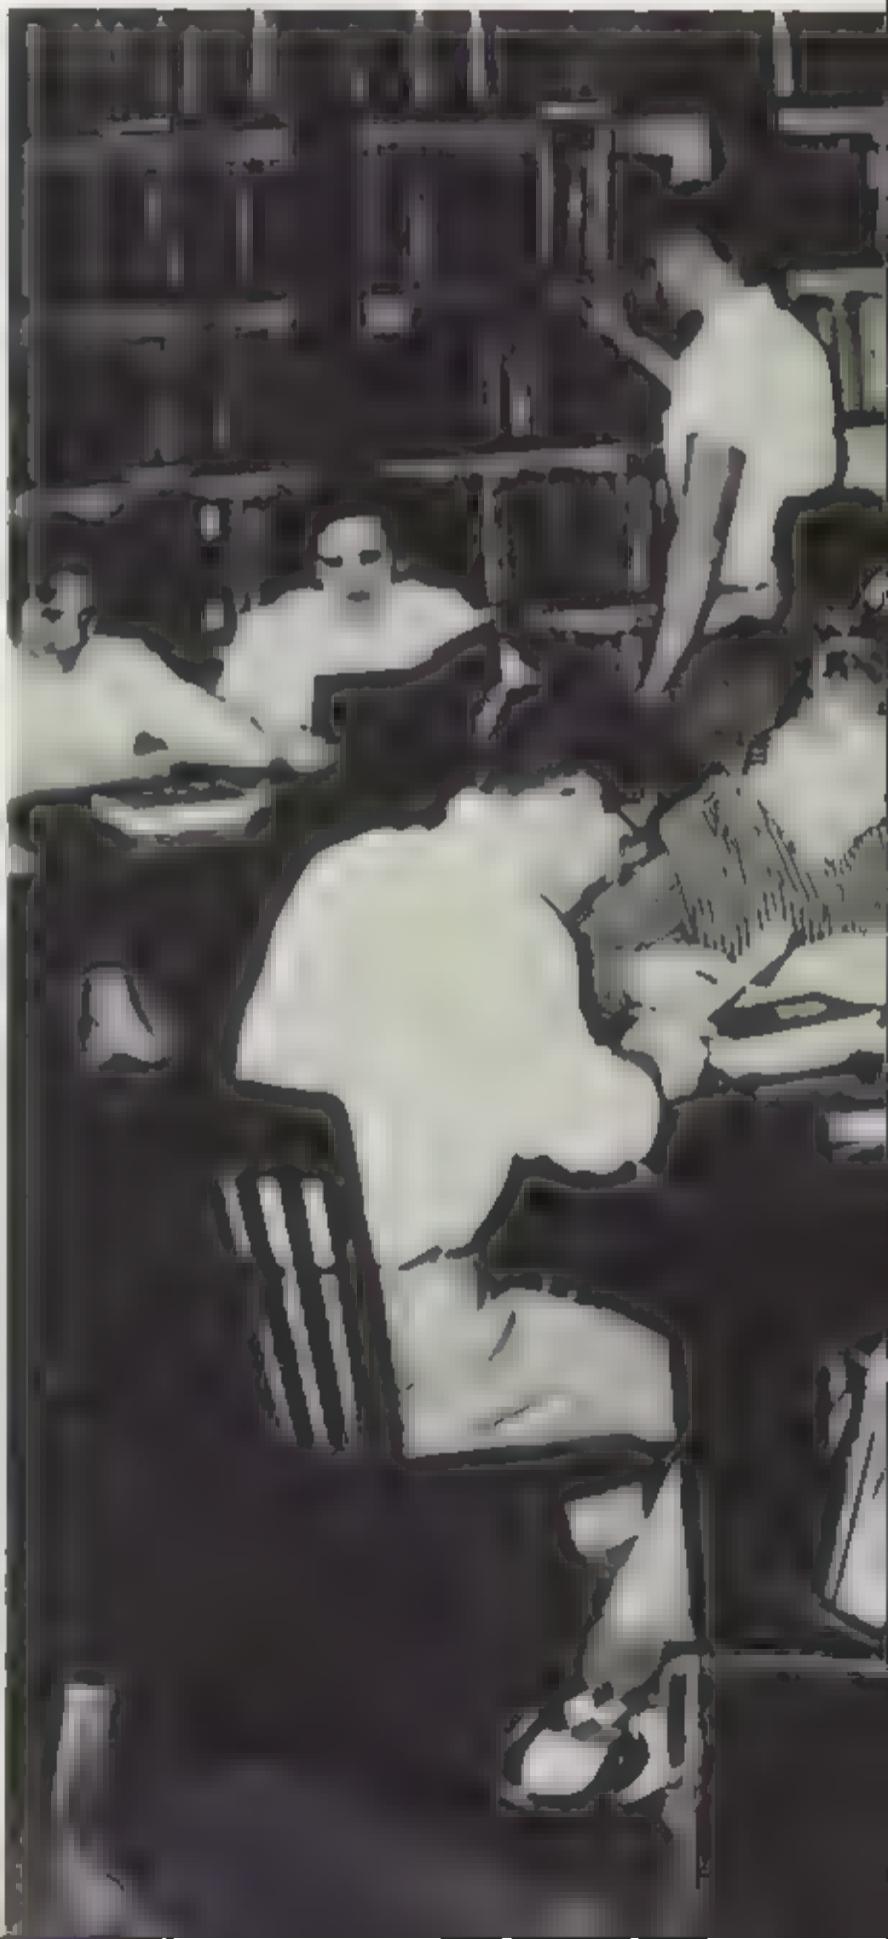

INFORMATION, PLEASE. Seventh grade Student Council member Wendy Williams with Mayor Levy, Mr. Vito M. Sestini and Mr. Roegge.

OUR SCHOOL is a place where we do a great deal of "book-learning." In the library, in study halls, in classrooms, books are always in our hands, for the printed page is one of education's most useful tools. We have other tools as well. We have typewriters and a printing press; stoves and bunsen burners; aquariums, brooderhouses, and even an automobile. We have movies, slides, and film strips; but basic to all instruction in all our classes is the book. In this section we remind you of your classes, 8:35 a.m. to 3:30 p.m., and what happened day by day.

The library, used this year for study hall overflow, was full nearly every period.

STUDENT LIFE

Language Arts Are Basic in Our Education

Reading, writing, speaking—all of us have been using these communication arts for years. However, in the required three years of English study with the optional fourth year we continue to improve our ability to express ourselves and to understand others. The science of English grammar, the fascination of great literature, the thrill of finding the right word, the value of adding new words to our vocabularies—all of these advance our ability to learn more in any field we choose.

In our two-year study of Spanish and Latin, we gain insight into life in other times and places. In journalism we learn and practice the techniques of newspaper production. In speech class we improve our diction and gain self-assurance in any speech situation. Also, through the services of our speech therapist, Mrs. Robert Shaffer, we may have help with special speech problems.

UPPER LEFT: SI, SENORITA! Gwen Jones converses in Spanish over the tape recorder while David Moore and Dan Spangler try to understand. **MIDDLE LEFT:** THAT'S COOPT! Social Studies Give Us Enlarged Outlook

Learning about man's advancement through the years and trying to understand his complex behavior is an important part of our education. It is also essential for all of us to know about our own country and those who have made it great.

All eighth graders and juniors are required to study U. S. history. Seventh graders include geography and social science in their core program, and about half of the sophomores elect to study world history. American government is required of all

seniors, and in addition about two-thirds of them enroll in the one semester courses in sociology and psychology.

Few of us will ever make a vocation of our knowledge of history and government, but everyone of us will find that the daily paper, the radio news cast, the televised report, and the ballot on election day mean more to us if we understand the heritage of the past and the culture of our neighbors around the world.

Interest in Science and Math Is Keen

While we are required to take only one course in each, at least two-thirds of us elect to take more work in these fields.

Prospective engineers and doctors may study four years of mathematics, including Algebra I and II, plane geometry, and trigonometry. For those interested only in the commercial aspects of the subject, general math and business arithmetic are sufficient.

If we are interested in nursing and other scientific fields, we may major in science. Most freshmen take general science for an overall view of the field. More than half of the sophomores are enrolled in biology, the study of plants and animals. Chemistry, the science of matter and energy, attracts about eighty juniors, while a fourth of the seniors study physics, the science of matter and its relation to energy.

SCIENCE IS NOT ALL ABSTRACT. ABOVE: Jon Frappier, Joe Garwood, Tom Snyder and Larry Kelly are interested in figures. BELOW: Mr. Webster's biology classes visit Mother Nature at home.

PROBLEMS ARE PRACTICAL. ABOVE: Seventh-graders Susan DeGroff and De Wayne Gotshall solve weighty problems. BELOW: Juniors Chuck Friley and Gary Nicholls set up a chemistry experiment.

Business Trainees Get Practical Courses

Almost half of B. H. S. students are enrolled in one or more of the commercial department courses. Such subjects as junior business, bookkeeping, typing, shorthand, retail selling, business English and arithmetic, and office practice prepare a student to go directly into some type of office or store work after graduation. In addition, the course in personal typing is very popular among college-bound students.

Typing and shorthand require long hours of practice if a student wants to acquire speed and accuracy. Hard work is rewarded, however, when in their senior year, students are assigned to teachers as secretaries and even part-time jobs open to them.

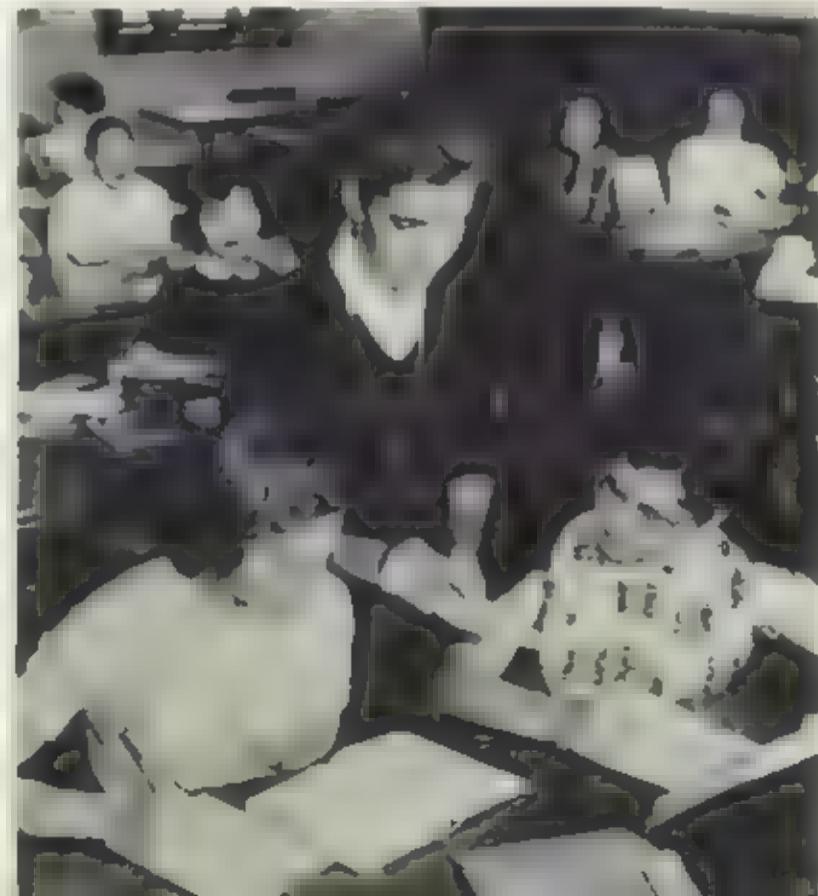

Office courtesy, good grooming, correct speech and the psychology of selling are not neglected, as a good personality is as important to the office worker or business man as technical knowledge.

INTENT TYPISTS ignore the photographer and pursue the practice that makes perfect.

Vocational Arts Interest Many Students

The vocational curriculum offers many practical courses to both boys and girls. There are approximately 339 students enrolled in Industrial Arts, Home Economics, and Vocational Agriculture.

The Industrial Arts department offers welding, plastics, woodworking, sheet metal, drafting, printing, and machine shop. In the spring the boys have an opportunity to show their handicraft at a public exhibition.

In the Agriculture department the primary objective is to train the boys to be better farmers, lead

ers, and to master parliamentary procedure. Class time is divided among field trips, periods in the Farm Shop, and class recitations.

The girls who will eventually become home makers can take a four-year course in Home Economics. The first year emphasizes cooking and the second year, sewing. For the Junior and Senior girls, Family Living and Interior Decoration are offered.

In addition to these courses for students, there are adult evening classes taught in agriculture and sewing.

Specialties Are Like Frosting on the Cake

Some activity subjects are especially interesting, we look forward to them because they are so different from our usual classes.

In driver training we learn not only to understand and operate an automobile, but also to do such practical things as change a tire.

For those who have a creative mind and a desire to put their impressions on paper, art is a "must." We learn about color schemes and how to handle various materials in this enjoyable subject.

In physical education and health classes we keep our bodies fit and improve our coordination. "Phys ed." also promotes good sportsmanship, and everyone's participation is important.

Wednesday morning brings guidance period. Through our representatives on the Guidance Committee, we plan home-room discussions and all-school assemblies on such timely topics as dating, jobs, parties, colleges, and any other subjects in which we are interested.

Summer Activities

During the summer several groups attended the National Thespian, the NSPA, and the NAJD conferences. Early in June Jim Eaton, Joe Garwood, Bob Ward, Marlene Stough, and Sally Mason attended Boys' State and Girls' State. Also in June several boys left to spend 8 weeks at Culver. The last two weeks of the summer were busy ones for the band and the football team as they began practicing for the coming school year.

"Big Hearted Herbert"

Seniors Score Dramatic Hit

Reviving a popular 1927 comedy, the seniors financed their graduation by presenting "Big Hearted Herbert" on May 2 and 3 under the direction of W F Haeger.

Herbert Kalness is a self-made business man who boasts of his admiration for plain, ordinary women. He has a personal feud with Harvard which nearly wrecks his daughter's romance. His daughter's mother revolts and stages a really plain, old-fashioned dinner (Irish stew) to entertain an important business man with the result that Herbert revises his opinions.

Committee heads for the production were John Farlow, Stage Manager; Russell Miller, Business Manager; Parker Hallberg, Publicity; Jewell Houck, Make-up.

PLAY PRACTICE LEFT: Kenny Beck and Connie Crutch heading for a happy ending BELOW: Tom Snyder, Shari Gabriel, and Keith Nolley having a family argument

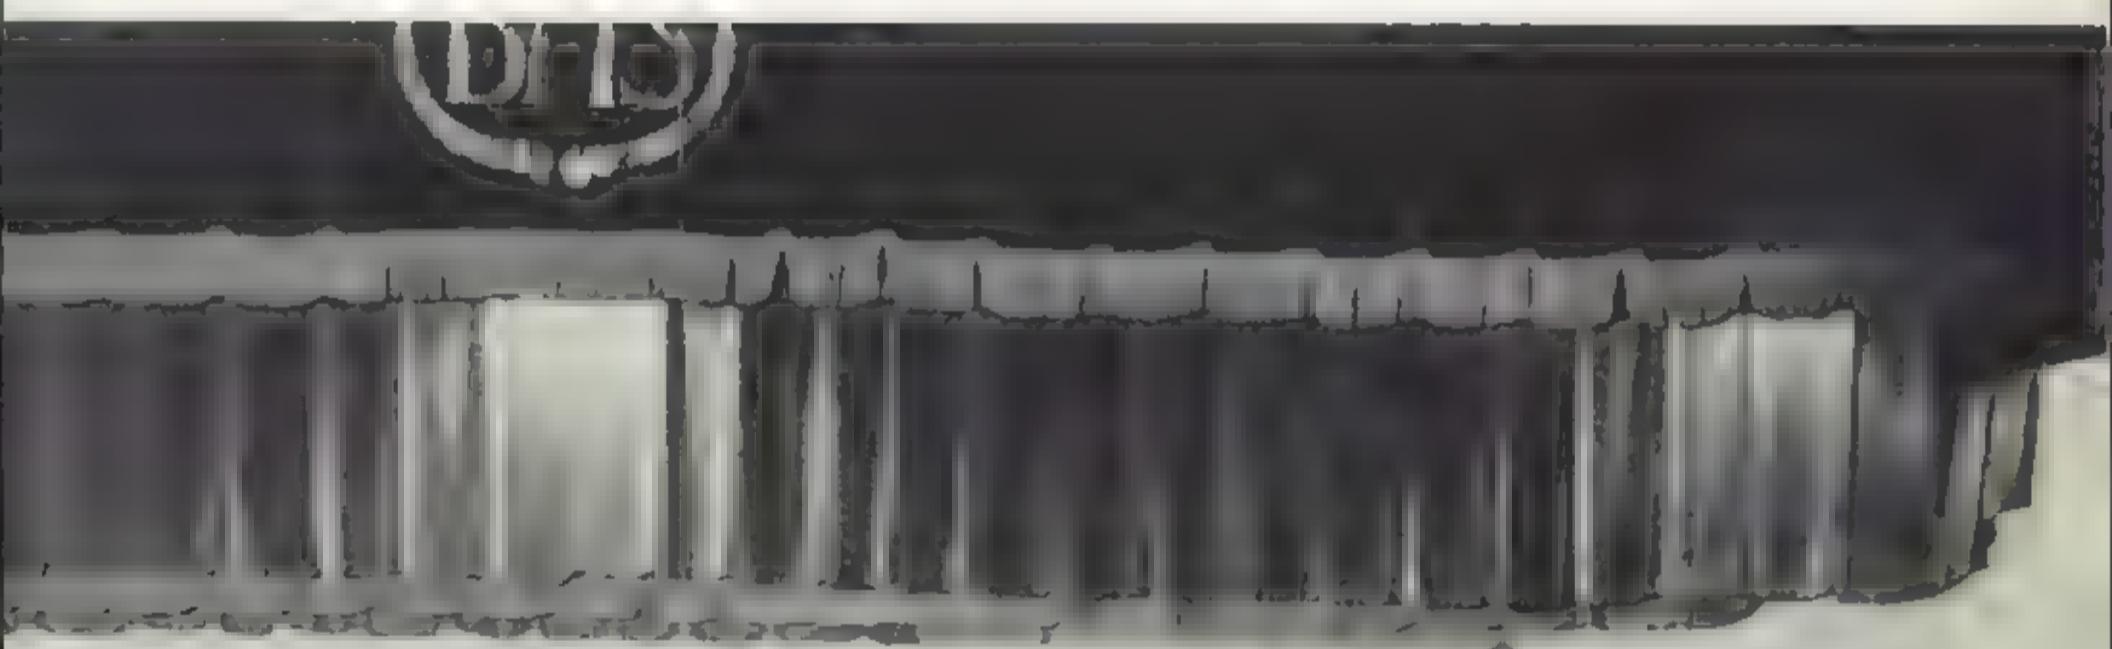

OUR SCHOOL resounds with activity long after classes are over for the day. We are encouraged to develop our creative talents and to learn much about getting along with people through our student government, publications, hobby groups, clubs, dramatics, and honorary societies. We conduct meetings, plan projects and productions, work on committees, and handle sizeable financial accounts. These give us practical experience, which, they say, is a good teacher. Besides, while we're learning, we also have lots of fun.

Annual Staff Publishes 44th Yearbook

Follows Modern Trends in Design and Content

HARD-WORKING BUSINESS STAFF: SEATED: Larry Kelly, Business Manager; Miss Rubel, Advisor; Judy Kerr, Coat-check Chairman. STANDING: Marcia Green, tax stamp chairman; Mr. L. E. L. Advisor; Bob Ward; Joe Girwood, Promoters. The business staff were continually "on the ball" and carried on their pro-

ject until the annual started in August. While the staff began weekly meetings and attended the NSPA convention at the University of Michigan. From then to the final deadline on March 18 both the editorial and business staff spent hours assembling the pictures and information to preserve 1957 in our yearbook. During the project, Work sessions were greatly enlivened of course by socials and friendly discussions of school life. From these sessions the staff members became better friends and have tried to reflect in our yearbook the feeling of understanding and friendship that is present in our school life.

This ZETA CORDIA is twelve pages larger than ever before and includes a new section to depict our academic activities more completely. The business staff helped to make the publication possible by pencil sales, an annual home-game basketball ticket redemption, Variety Show proceeds, and subscriptions. Also the business men contributed generously.

Our editorial advisor Mrs. Robrock and the business advisors, Miss Rubel and Mr. John Long, worked continually with the staff. Another valuable assistant was Mr. Don Hainrin of Perryburg, our representative from the American Yearbook Company.

Hi-Life Celebrates Its 30th Birthday

Subscriptions Speed Up Distribution

Every other Friday faculty and the students eagerly awaited the distribution of Hi-Life.

This year to create interest, build a nest egg, and insure a Hi-Life for all who wanted one, the staff sold semester subscriptions. The advisor, Mr. Hauger, believes future subscriptions will exceed this year's.

One of the new features this year was introducing the wives of several teachers. Also Scholastic Roto was included once a month.

The staff edited three special issues: the red and green Christmas issue, the 30th Pearl Anniversary issue, which sold over a thousand copies, and the graduation issue.

Staff members attended two conferences, one at Ohio University and the other at Ohio State.

Hi-Life is affiliated with Quill and Scroll, a national journalism society.

Of, By, and For the Students Student Council Is Clearing House for Ideas

PLATTER PARTY. Dave Moore, Disc jockey Walter Weaver and Mr. Newell look over the newest in rock and roll.

The students of B.H.S. were well represented this year as the five seniors, four juniors, three sophomores, two freshmen, and two junior high members met every Friday afternoon to discuss the problems of the school. Mr. Newell and Miss Barstow acted as the advisors to the group.

The council put into practice a new idea in electing the Homecoming Queen from her class. The students nominated as well as elected their candidates. Another venture was to experiment with Saturday evening record hops held in the spring, and the Council continued the Wednesday noon sale of U.S. Savings Stamp.

Other items on the agenda this year were clean-up days, the Kick-Off dance, Christmas party, Santa Claus's visit, science programs, guidance programs, hall problems, and pep sessions.

The council's sources of income were the Kick-Off dance, Homecoming dance, concession, noon candy sales and class contributions.

Honorary members of the council were Mrs. S. S. S., Sally Mason, Jim Eaton, Joe Garwood and Bob Ward. These students were last year's delegates to Girls and Boys State.

G. A. A. Promotes Good Sportsmanship Girls Learn Fair Play Practices — Not Professionalism

Miss Dorothy Maneval was the new advisor of the one-hundred-fifty-member GAA club this year. She arranged the intramural activities so that the girls could participate in softball, volleyball, bowling, basketball, badminton, and archery throughout the year. For each sport in which she participated, a girl received twenty-five points toward the awards given at the end of the year.

Financial projects included concessions at a basketball game, a "Heart-Hop" on February 8, and a bakesale on March 9. Profits helped to pay for the banquet April 26 at the Masonic Temple and the girls' invitational dance held after it in the hall. The highlight of the evening was the presentation of the orchid and string of pearls to Barbara Gray as Honor Girl and roses to Judy Kerr as Maid of Honor. These awards were decided by election from a group of eligible candidates. Other awards were emblems for 400 points, "B's" for 800 points, and silver pins for 1000 points. "Winter Wonderland" was the theme for the dance decorations.

The year came to an end with the annual Waken ceremony held in honor of the Seniors.

JUDY KERR—MAID OF HONOR

Chosen for Honors

For a girl to win the admiration of other girls is a real tribute to her personality. For qualities of charm, sincerity, and unassuming devotion to their responsibilities, Barbara Gray received the orchid and pearls and Judy Kerr the roses at the GAA banquet. They were elected by the GAA members from a group of candidates whose scholarship, athletic ability, and participation in school activities made them eligible.

Y-Teens Elect Mary Bartle to Wear Claire Newcomer Pin

Mary Bartle, blonde music student, was presented with the Claire Newcomer pin at the Mother-Daughter banquet. The award was given in memory of Mrs. Chauncey Newcomer, a Brian club woman who was at one time state president of the Ohio Federation of Women's Clubs and had for several years represented Y-Teens' highest award. To be eligible to wear the pin during her senior year a girl must be a junior, a member of Y-Teens, a holder at some time of an elective or "B" student and a participant in either music or dramatics. The election from which Mary was chosen is pictured at the right.

Bonnie Hilton was the wearer of the pin during the current year.

Hi-Y Achievements Are Social and Civic

With slightly more than a hundred members Hi-Y enjoyed a year of purposeful activity.

Induction of twenty-six new members was held in the Presbyterian church with Mr. S. A. Wagner as speaker. Other speakers at various meetings were Rev. Black, Coach Martinelli, and Mr. Webster. Movies on such subjects as sports and driver training were also scheduled for the bi-monthly Wednesday night meetings.

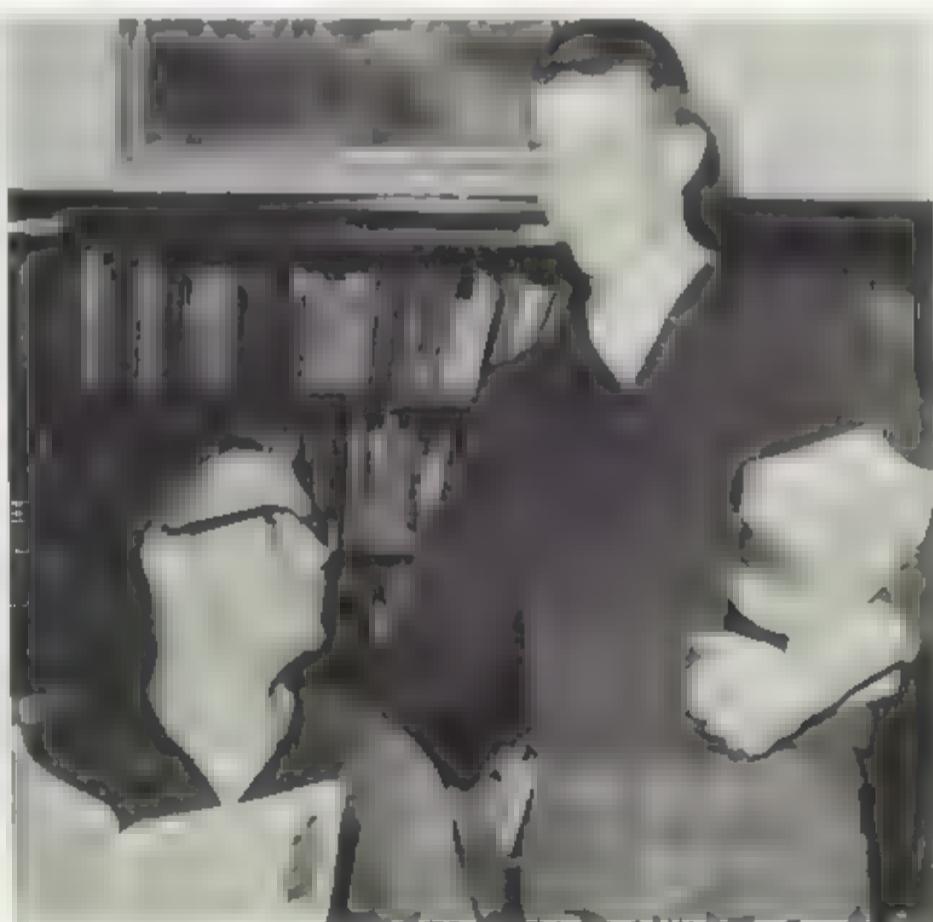

The evening of the traditional Hi-Y-Y-Teen hunt was especially successful for the boys, who hid between two quonset huts near the Plastics Corporation. The girls were unable to find them in the time allowed and treated the boys to a spaghetti supper and dance at Lincoln School in February.

The boys sold approximately a thousand boxes of salt-water taffy to help meet expenses. Community Chest funds supplied their quota for the district YMCA.

Delegates attended a district meeting at Findlay and also a conference at Bowling Green to prepare for the Model Legislature Assembly held in Columbus in April. Our representatives there were Kenny Beck, Bob Ward, Milton Levy, and Tony Weaver.

A beautiful Easter convocation was another project of Hi-Y. The boys decorated the auditorium beautifully with spring flowers, arranged a program of music, and invited Rev. Roebuck to deliver the Easter message.

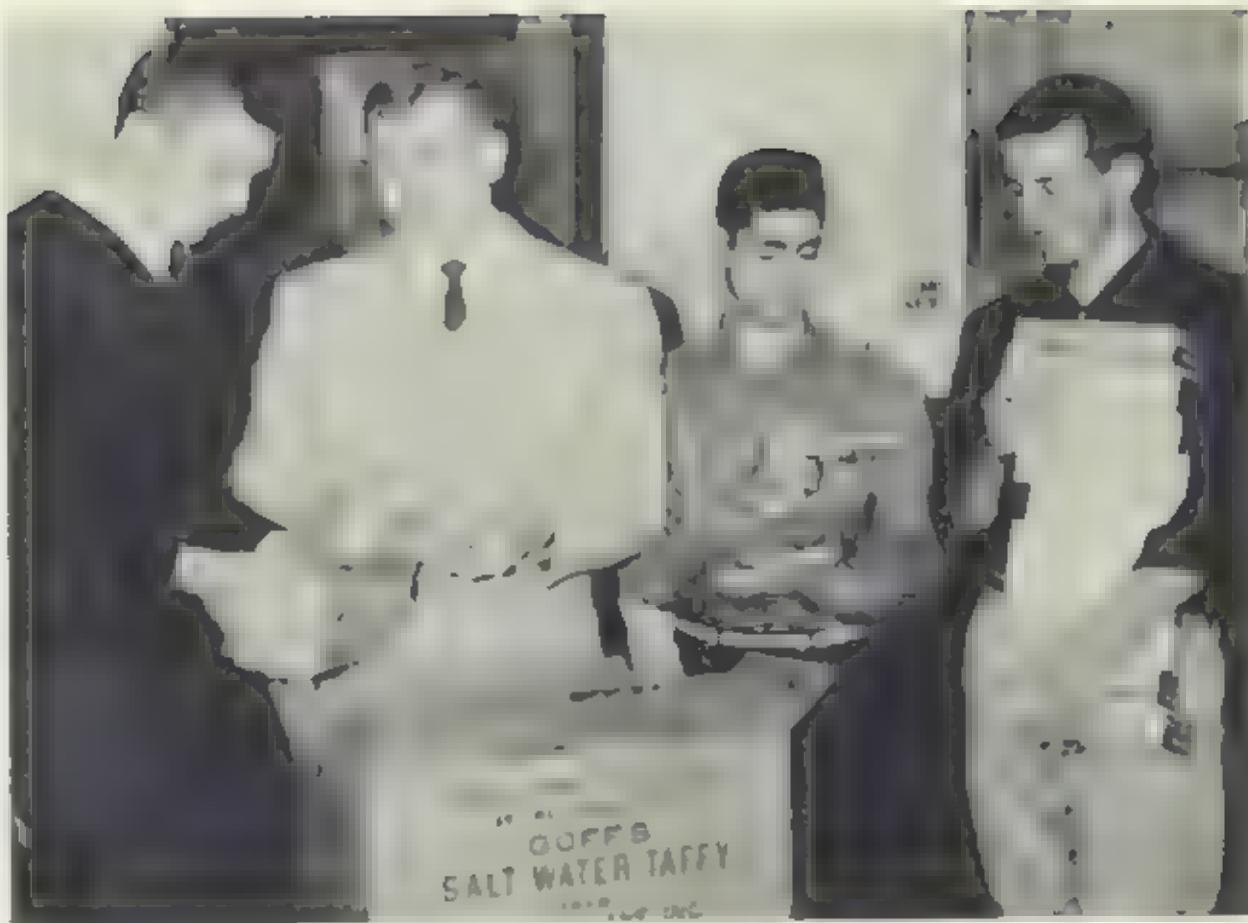

Mr. Moore and Mr. Taylor acted as advisors.

F. H. A. Are Active in

State and National Events

Part of a national organization of girls interested in better home making, the Bryan F H A. boasts fifty members. The club was represented at the national convention in Chicago in July by Pat Krill, who also was the county president and state recreation leader. Pat and Mary Watson attended F H A. camp, and during the year Pat Trill, Sharon Cooley and Margaret Geiselman worked for a State Homemaker degree.

With Miss Hanline as adviser, the club met on the first and third Monday of each month. Goals, program suggestions and "Teen Times" from the national organization helped with meeting planning. At Christmas the club caroled at the Clay Rest Home and enjoyed a chili supper. They planned a Foreign Food Supper and earned money by serving at the FFA Banquet, sponsoring a dance, and making pom poms to sell.

The FFA will be quite busy. Members attended a wide variety of activities this year. They also see their program grow at the Willmington County Fair where and through their new competition committee, they last year. They entered the Annual County Fair, Meeting Procedure, and Fiddle Playing Contest, as well as the State Judging Contest. Several members attended the State FFA convention and took part in the county portion.

Mask and Sandal Dramatics Club

Players Take Pride in Productions

On the second and fourth Mondays of every month, president Don Rickner called Mask and Sandal members to order with Mrs. Robrock and Mr. Dierks as advisers.

A variety of plays, pantomimes, demonstrations, and group participation were included in year's programs.

The principal production of the year was a one-act play, "Papa Is All," on November 16. The traditional Thursday performance was changed to Saturday with a gratifying increase in attendance. Admission was raised to seventy-five and fifty cents.

"Christmas Barricade," a one-act play, was produced nine times in December for various community groups. Other short plays included "I'm a Fool," an Ethel and Albert comedy, "To Open, Pry Up," and the contest entry, "Sunday Costs Five Pesos." The Playshop (adults) presented "The Happy Journey" and Defiance College's Purple Mask Club gave a one-act play.

To build up the treasury for future stage improvement projects, Mask and Sandalites sold tinned mints and sponsored an after-game dance.

In June 1956, Nancy Barrett, Jenny Hester, Mary Vannorsdall, Frank Pfaff, Larry Raymond, Tom

Snyder, Mr. Dierks, and Mrs. Robrock attended the five-day National Thespian Conference at Indiana University. Frank Pfaff was selected to perform a short magic act in the National Variety show.

Thespians also attended a Regional Conference at Bascom, Ohio, where Mrs. Robrock led a workshop on drama club meetings. Nina Gleason and Diane Bruce won a make-up contest at the conference.

In the spring new Thespians were initiated and Oscars awarded. Winners of the 1956 Oscars were as follows: Lauralee Brownwell, Best Actress; Roger Dierks, Best Actor; Lucy Hester and Gail Fulmer, Best Supporting Actress; and Frank Pfaff and Dianne Bruce received semester Best Thespian awards. Freshman Ronnie Motter received an honorary Thespian membership in recognition of his three years of electrical technician work before becoming eligible for membership in Mask and Sandal.

Future Teachers of America Club Adopts Long-Range Scholarship Project

Contrary to what one might suppose, the F.T.A. is not only for students interested in the teaching profession, but for all because its purpose is to develop in the adults of tomorrow an interest and a sense of responsibility to the educational program. Mr. Johnson and Mr. Webster acted as advisers of the F.T.A. which met on the second Wednesday of every month and had approximately one hundred and eight members.

Meetings were enjoyable and educational. Members heard Rev. George McGraw discuss education in his native Scotland, saw filmstrips, had a wiener roast at Mrs. Robrock's home, enjoyed a "white elephant" gift exchange at the Christmas party, and ended the year with a picnic on June 4th at Pokagon State Park.

During the year each member spent a day visiting in an elementary classroom observing teaching methods. They also were assigned to assist high school teachers in any way possible.

A special project was begun this year whereby the club would provide a scholarship to be awarded to a senior going into a teacher-training course. This fund would be a memorial to Walter Robrock.

As in previous years, F.T.A. sold handy pocket combs, and also boosted their treasury by selling B.H.S. decals.

At the NWOEA meeting in October, Lorrie Frank represented Bryan on a panel at Clay High School in Toledo.

The local F.T.A., known as the Blanche Mattox Chapter has the unusual privilege of bearing its name in honor of Miss Mattox who is currently teaching her fifty-fourth year in the first grade at Washington School.

Varsity "B" Encourages Good Sportsmanship

Lettermen Are Leaders

Varsity "B," Bryan's organization for lettermen with coaches, Ebersole, Sumpter, and Martinelli acting as advisers, met the fourth Wednesday of every month. The club raised money through the boy's selling programs at athletic events and sponsoring a school dance. With this money they bought needed athletic equipment, such as high jumping standards,

catchers' and umpires' protective equipment, and a basketball rack.

Varsity "B" encourages more boys to participate in Bryan athletics and promotes good sportsmanship. It is quite an honor for a boy to be in Varsity "B" because he must first earn a letter in a sport, which requires time and hard work.

Veteran photographer Ted Campbell produced the majority of press photographs used during the year, and with Gary Winegardner as his assistant undertook the training of younger students in all phases of darkroom and camera work. Most of the work was done in home photo labs after school or

during school hours in the school darkroom with Mrs. Rootick as supervisor. Several members entered pictures in national contests and the group sponsored the Eastman Exhibit of last year's contest winners during Open House Week.

IN OUR SCHOOL, there is a place for music.

Though our once spacious music room had to be partitioned to provide another classroom, we have had no curtailment of opportunity to learn to sing or play. The many pictures and certificates on the wall remind us that our predecessors have set a proud record to inspire us. In music we learn beautiful ways to express ourselves and to please others.

Bryan Is Proud of Its Band

Musicians Are in Great Demand

Double time, march!" The B.H.S. Band, directed by John Hartman, stepped off to an extra last cadence this year as they marched and paraded and performed their football shows.

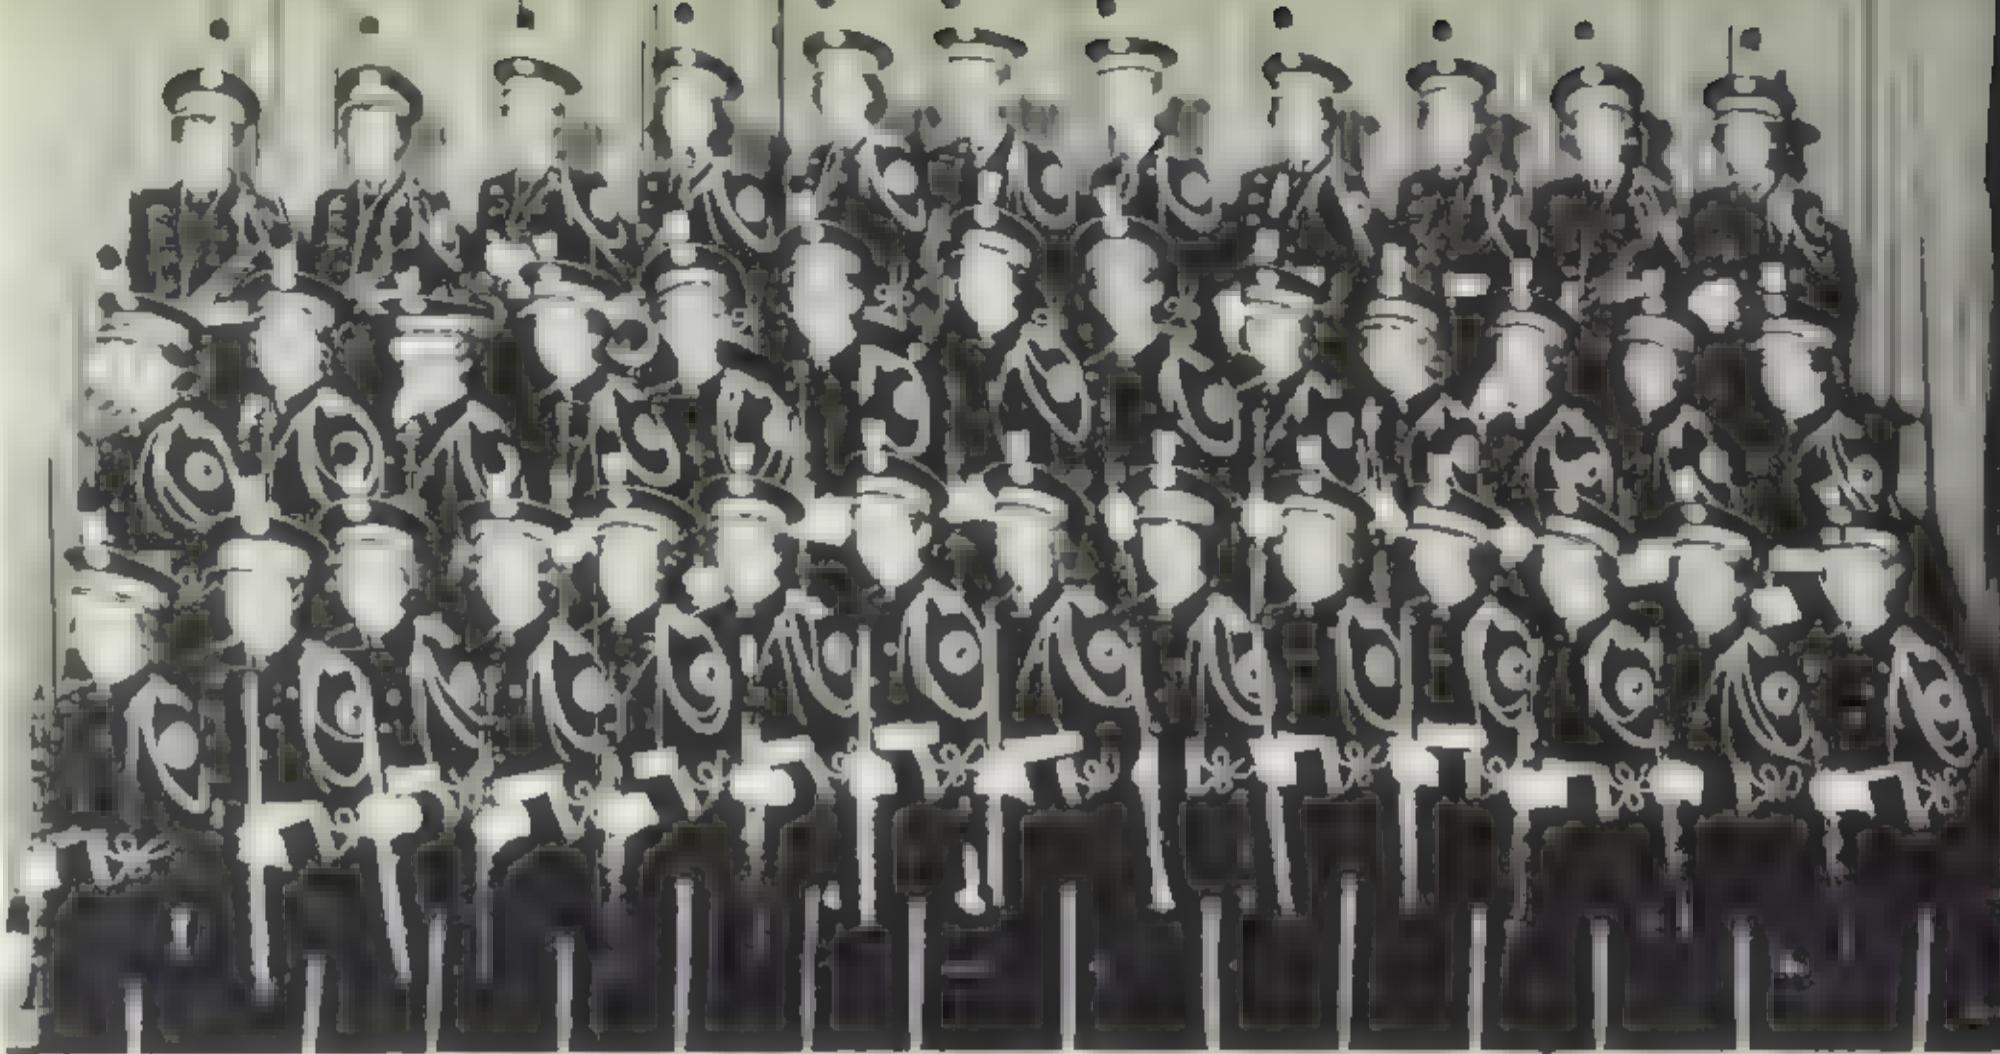

Drill formations and other ideas for shows were contributed by eight bandmen who attended Culver Military Academy last summer. Formations with lights, special dance routines, and a script "B" were included in our programs.

Summer appearances included the frenzied convention at Ottawa, the Van Wert Peony Festival, the Wauseon Homecoming, the Bryan Jubilee, the Labor Day Parade in Toledo, the Williams County Fair, and a TV show from Waterloo. Late in the summer, the band acquired dark blue Bermudas to help beat the discomfort of marching in torrid weather.

At the Mid-Winter Concert, January 29, Col Edward T. Payson from Culver was the guest conductor. He directed several of his own compositions which the band had previously rehearsed. The band presented another concert March 17, and participated in the Spring Music Festival May 13-14. Members received letters and pins for their years of service at the end of the year.

The highlight of the concert season, however, was the district contest March 30, at Napoleon. The required number was "Mozart Overtures." The rating included also the warm-up number, a selected number, and a sight-reading performance.

The band parents cooperated loyally this year as usual, managing the concessions at the football games and enjoying the annual Band Party with their families on November 20.

In concert array, both A and B bands gave an impressive program Jan. 26. Col. Edward Payson of Cedar Murray Academy, as guest conductor, selected twelve original compositions. Roger Johnson and George Williams, Soloists for the concert were Jean Hartman and Berrie Britton. A concert march was led by Linda Stachan Ames and Carol Roberts. Walter Becky Reed, Diane Bruce and Jeanne Hartman presented a vocal trio.

"B" Band Makes Snappy Appearance Memorial Day Parade Gives Marching Practice

Bryan High School has two bands to be proud of. The B-Band was first organized as a training band but now four or five times a year they perform for the public. At the present time sixth, seventh, eighth graders, and any other high school girls who are becoming interested in band work are eligible for B-Band. The B Band meets three times a week under the

capable direction of Mr. Hartman, who teaches fundamental band and drum marching techniques. A large percent of B-Band members take private lessons to improve themselves. Every April anyone from the eighth grade on up can try out for A-Band, and the number of tryouts varies with the graduates. The goal of every B-Band member is to advance to A-band.

Band Parents Work While Their Children Play

Band expenses are practically endless with uniforms, instruments, instruments and other equipment in constant use and demand. Bryan Band parents have for several years locally supported our musicians by running the concessions at football

games. This year Mrs. Chester Wiley headed the concession stand organization. Shown below are Mr. Frederick Parker, Mrs. Parker, Mrs. Denver Burns, and Mrs. H.C. Vannorsdall busy with culinary chores

With the strains of "I'll See You in My Dreams," the B.H.S. Dance Orchestra, "Hep Cats" bring the dance to a close, put away their instruments and prepare to go home. The Dance Orchestra is made up of eighteen students who practice every Tuesday during seventh period. The money that the orchestra receives for playing is spent to buy new orchestrations and other equipment. Mr. John Hartman is the director of the orchestra and Mr. Hadley, Mrs. Dally, Mr. Daily, and Mrs. Hartman often assist them during performances.

During the year the orchestra played at the Mid-Winter Band Concert, the Mask and Sandal Play, the Senior Play, the Williams County Fair, and the Variety Show.

A combo from the orchestra played for the Athletic Banquet and the Rotary Club. Included in the combo are Jim Eaton, David Acus, Bonnie Hilton, Becky Rogge, and John Hartman.

Marlene Stough, Dick Fox, Becky Rogge, and Jim Eaton have all played with the orchestra for four years.

Senior A Cappella Performs Frequently Choir Members Are Also Active in Ensembles.

Under the direction of Mr. Dally the seventy-three members of the Senior A Cappella spend many hours of practicing for concerts and other performances. This year the choir performed at the Community Thanksgiving Service, the Christmas Concert, the Variety Show, and the Spring Concert.

The choir gave a memorable performance on May 13 when, as part of the Spring Festival, the Walter Robrock Memorial Organ, pictured at right, was dedicated. With Mrs. Marie Leader of Defiance as organist, the choir sang two numbers. Here in This House," an arrangement of a Beethoven melody, and "God Is Our Very Hope and Strength," a paraphrase on Psalm 46 and Martin Luther's "A Mighty Fortress."

At the close of the year the members were awarded pins for their service to the choir. Those who had sung for four years received a gold pin, while a silver pin was given for three years of service, and a bronze pin for two years.

Mary Bartle, a junior, served as the accompanist.

Freshmen and Sophomores Aspire to Be Singers

This year there are two separate sections of the Junior Chorus with approximately sixty-three vocalists in each section. These groups under the direction of Mr. Daily meet every Monday, Wednesday, and Friday. The Junior Chorus is a training group so that the students will be better prepared for the Senior A Capella when they are Juniors and Seniors. The Chorus participates in the annual Christmas and Spring Concerts adding much to each of them.

The members of the Junior Chorus were awarded a certificate for one year of service and a bronze pin for the second year.

Orchestras Senior Group

Senior Orchestra under the direction of Mr. Dally performed with distinction this year both at home and in State events. Locally they presented a Christmas concert, a mid-winter program February 17, a part of the Spring Festival in May, and Music for Baccalaureate and Commencement.

Fifteen players represented Bryan in the District Orchestra which entertained at the Northwest Ohio Teachers' Convention in October. Twelve went to the Koral Orchestra at Port Clinton, and three of these, Greg Pond, David Acus and Aylene Hilt, participated in State Orchestra.

The entire group went to Columbus for the State Auditions March 2, making an overnight excursion of the event. The required number for the auditions was "Lover Prince" by Scarmolin. Schubert's "Unfinished Symphony" was another major study of the season.

Mary Bartle appeared with the orchestra as soloist in the piano "Concerto in Jazz" by Phillips, and violinist Greg Pond played the Vivaldi "Concerto in A Minor".

A bassoon and an oboe were added to the instrumentation this year.

Girls Ensembles Travel Widely

"The Moonglowers," romantic title chosen by the Junior Girls for their ensemble this year, held a considerable spot in the public eye. Winning a talent show in Steubenville in August, they appeared on WSPD-TV as Jane Schrockers Evening Varieties guests, sang for the Ohio Music Educators in Columbus and made numerous appearances at church, club meetings and banquets. A featured number of the year was a Victor Herbert Medley, the bulk of their repertoire including sacred, sweet and syncopated music. Under Mrs. Dally's direction, they not only sang but concocted their attractive dresses of moonlight blue skirts shimmering under starry net with fitted black bodices.

June Dally Singers Have High Standards

Community Shows Appreciation.

JUNE DALLY

In five years, Mrs. Orville Dally has made ensemble singing an outstanding feature of the B.H.S. Music Department. A graduate of Capitol University, Mrs. Dally also studied music in Detroit and also with Dr. J. P. Kennedy at Bowling Green. Before coming to Bryan she taught at Edgerton, but since 1951 she has concentrated on home-making for Mr. Dally and their three small children. Giving voice lessons, directing school ensembles and the Lutheran Junior Choir, and putting touches of real showmanship to "Stump Jumper" comedy acts in the Minstrel Shows have all given Mrs. Dally an extremely busy life. As a soprano soloist she has performed in such works as "The Messiah," and she is also known for such numbers as "I Didn't Know the Gun Was Loaded." She tap dances, plays piano and clarinet, and can even make rhythms with a washboard. Mrs. Dally's many talents are reflected in her singing groups.

A PERKY GROUP in black and white, the Senior Mixed Ensemble (plus one Junior) was organized in the fall. They sang for Mid-Winter Club meetings, the Christmas assembly, the Pav-Off Super, and Commencement.

THE SOPHOMORE ENSEMBLE, pictured at the left, made a neat appearance in matched separates, in an attractive variety of winter colors. Having practiced together for a year, they entertained at the Athletic Banquet, the Christmas Assembly, a Pulaski-Jefferson Christmas party, and several club meetings.

TWO NEW GROUPS were organized this year and began the rehearsal experience that blends a group of singers into an ensemble. Next year we expect to hear from a boys' quartet composed of John Hays, Wally Richardson, Denny Burns, and Dan Spangler. From thirty applicants, a group of thirteen freshman girls was selected for another ensemble.

OUR SCHOOL gives us a place to try ten of sports, the thrill of competition, and the disciplines of athletic sportsmanship. Friday nights are big times in the school calendar, for we unite in backing our teams and top off the week with dancing at the fair which seems to have shrunk as our classes increased. For physical education classes, for noon and after school activities for informal frolics, and for cheering at BIG games, such as Junior-Senior and the GAA games, the gymnasium is a vital place in our school.

Our Fair Ladies Homecoming Royalty

Nancy Barrett, tall blonde senior, was elected by the student body to reign over the Homecoming activities on October 5, at the Defiance game. During the pre-game show Queen Nancy was presented with a large bouquet of yellow mums while each of her attendants received a yellow mum shoulder corsage. The evening was beautiful and there was a typical fall tinge in the air, as the Bears led Bryan to a victory. At half-time Nancy gave a few words of praise to the team and then the band put on a show for the queen and her court. Following the game the girls were honored at the dance which was held in the gymnasium. The colorful evening ceremonies will be remembered by the student body as well as the five girls who were honored.

Baseball Team goes to State Reaches Semi-Finals

It is seldom a town the size of Bryan can boast of an athletic team which holds the honor of being ranked among the top four teams in the state. Although the Bryan Bears failed to bring back the state Baseball title they left a lasting impression on tournament fans. Those fans watching the Bryan team, will not forget the Bears' spirit and fight even in defeat.

Behind the fine pitching of junior Bob Hamet, the Bears show great possibilities for this year's season. Last year, hurler Hamet, struck out fifty-five opponents in thirty-one innings, and also pitched two shut-out games on the tournament trail. Also aiding the team on their victory trail, was senior Jim Brannan, who got six hits for seventeen times at bat, giving him a .353 swatting average. Another excellent player is Paul Bodman, who has compiled a number of home runs.

This year the Bears are minus only one player of last year's championship team and have hopes of repeating if not bettering their previous record.

BARBARA GRAY

Miss Springtime

Barbara Gray, brunette senior, was elected by the track team to reign over the L. A. C. track meet this spring. She along with the queens from the other teams, presented our team with the awards that they won.

The Queen pictured was crowned by Diane Felt.

The Varsity Cheerleaders

The five varsity cheerleaders were responsible for the Friday afternoon pep-sessions and keeping school spirit high. Miss McLeod was in charge of the girls who practiced many hours before each game.

The girls wore new purple felt skirts and white wool sweaters this year making a very pleasing pic-

ture as they led the cheers on the football field and on the track deck.

Five of the cheerleaders, Marcia Alpaugh, Margaret Jones, and Shari Gabriel were graduates this year. Gwen Jones was a sophomore and Joann Garwood a junior.

We're With You, Team!

Cheerleaders Keep Our School Spirit High.

This year a set of Reserve Cheerleaders was added to our cheering corps. These girls are here to add to the reserve cheer and are adored by the Varsity Cheerleaders whenever it is necessary. They were down with us at every football game and each of our other school activities. The main purpose of the Reserve cheerleaders was to give more enthusiasm to the regular cheerleaders.

TENIOR THREE CHEERLEADERS FRONT ROW: Wm. W., Mary F., Mrs. B., B., BACK ROW: Bonnie Tuttle, Frances Clark, Alice Menden.

The Junior High and Freshman Cheerleaders gave every cheer and sparkle as they cheered on their team. In a few years these girls will be senior Varsity or Reserve Cheerleaders.

Under the direction of Miss Meneval the cheerleaders worked very hard to keep the school spirit up.

This Was the Year

EXPANSION WAS THE KEYNOTE in Bryan as the square took on a new look. The Murphy Company, K. & R. Cleaners, Kuehne Radio, Carroll-Ames, Western Auto, and the Ohio Gas Company moved to larger quarters. Kellys occupied the News Stand, and some new signs went up—the Sears Store, the R. J. Record Shop, Evans Studio, and the Vogue Hat Shop. Sandblasting brightened up the Court House, and four huge electric candles were added to its jeweled crown at Christmas.

Mrs. MAE DIMLER, veteran of forty-two years' teaching, thirty-eight in Bryan, retired. L. M. MacDonald also retired as president of the Ohio Art and was succeeded by H. W. Winzeler. The Spangler Candy Company celebrated its fiftieth anniversary, and Georgetta Hartman placed third in the National Ted Mack show at Madison Square Garden. Problems to ponder were a long strike at Bard's and a brief walkout of Bryan firemen over a contract with the City Council.

ELVIS PRESLEY, shaggy-haired guitar player, became a teen-age idol almost overnight. My Fair Lady, Dr. Kildare, and the Broadway shows "War and Peace" and "The Ten Commandments" were serious movie productions. Calypso singers migrated northward, and popular tunes included "Banana Boat Song," "True Love," "Young Love," "Singin' in the Rain," and "Love Me Tender." Fashion tops were Ivy Leagues, Pendletons, and sissy blouses. Girls sported a "fishy" look with high rear fins.

THE FIRST ROUND-THE-WORLD non-stop flight was accomplished in 45 hours and 19 minutes by Air Force B-52's, possibly using Aro's liquid oxygen converters. Floyd Patterson picked up Rocky Marciano's vacated heavyweight title, the Yankees beat the Dodgers in the World Series, Iowa defeated Oregon 35-19 in the Rose Bowl, and the United States finished second to Russia in the Olympics at Melbourne. Death claimed Arturo Toscanini, Admiral Richard Byrd, Philippine President Magsaysay, Tommy Dorsey, Humphrey Bogart, and "Babe" Didrikson Zaharias.

Mrs. MAE DIMLER

TIME'S MAN OF THE YEAR was the Hungarian Freedom Fighter, a symbol of the revolt against Communism which broke out violently in Budapest on Oct. 23. Egyptian Prime Minister Nasser seized the Suez Canal, England's Anthony Eden retired to be replaced by Harold Macmillan, and Israel persisted in a hassle with Arabia and Egypt over the Gaza Strip. The U. N. faced grave situations, while Eisenhower, re-elected in November, pledged the U. S. to a "Fight if we must" policy. In Ohio C. William O'Neill succeeded Frank Lausche as governor. Farther south segregation in the public schools continued to be a touchy situation.

IN CONCLUSION, we all know that the passing of time must forever be bringing about changes in our lives. But here, between the covers of the 1957 ZETA CORDIA, we hope we have caught your memories and kept them for you. This book goes with you into the future with our very best wishes.

Bryan High School

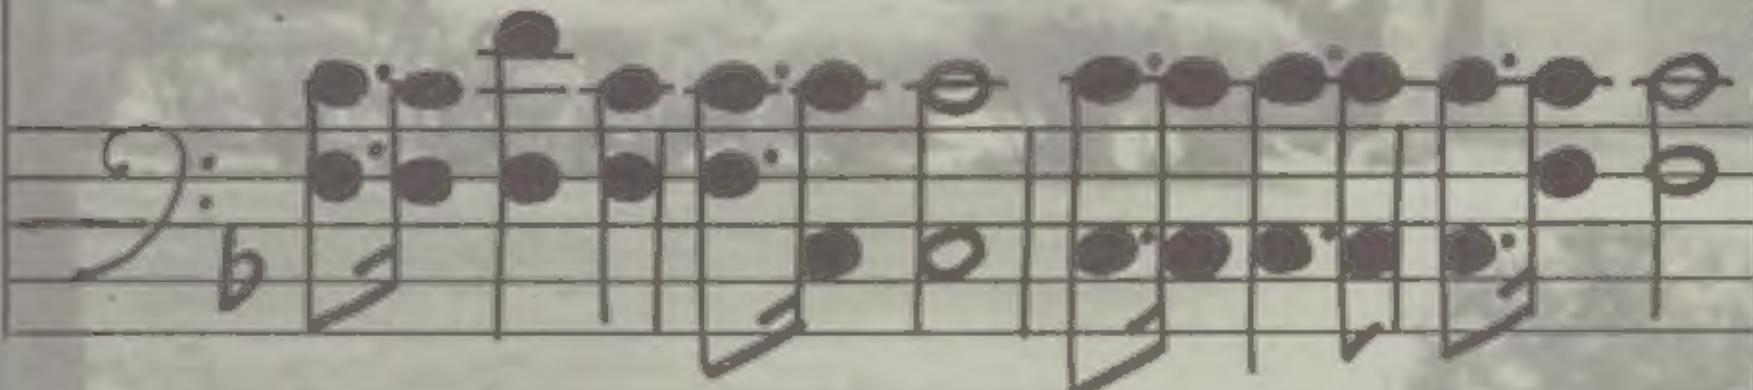

Alma Mater

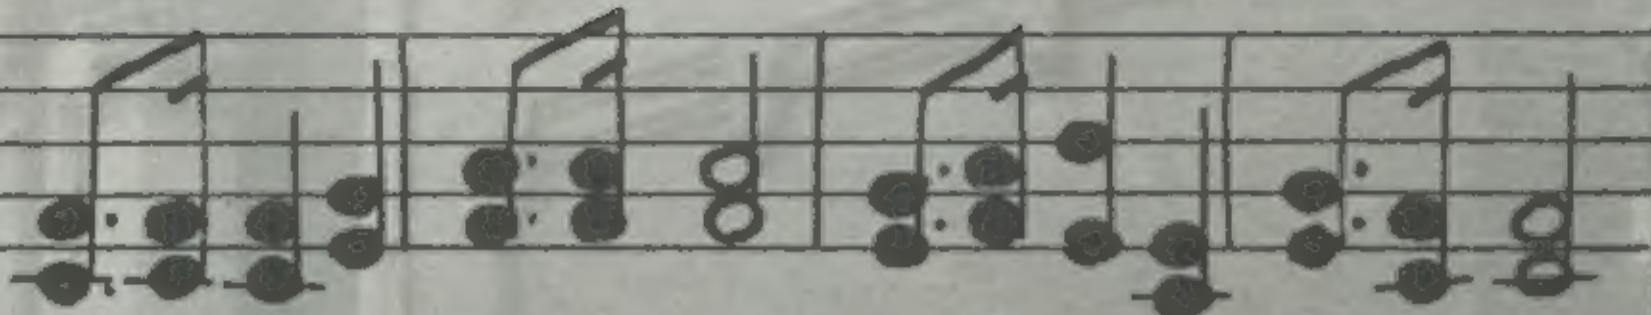

1. When the sun fades far away In the crimson of the West,
2. When at last we leave thy halls For the battlefields of life.

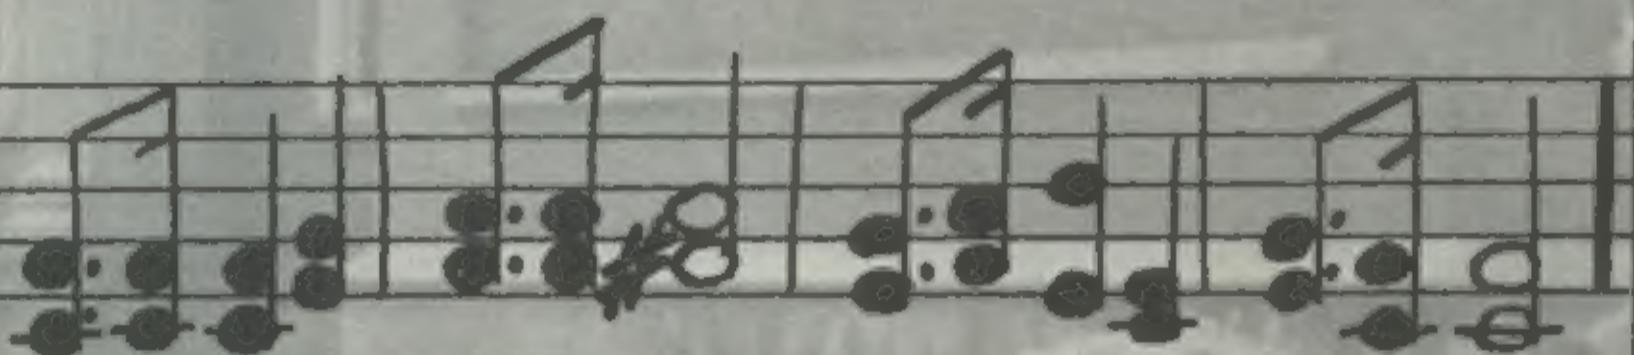

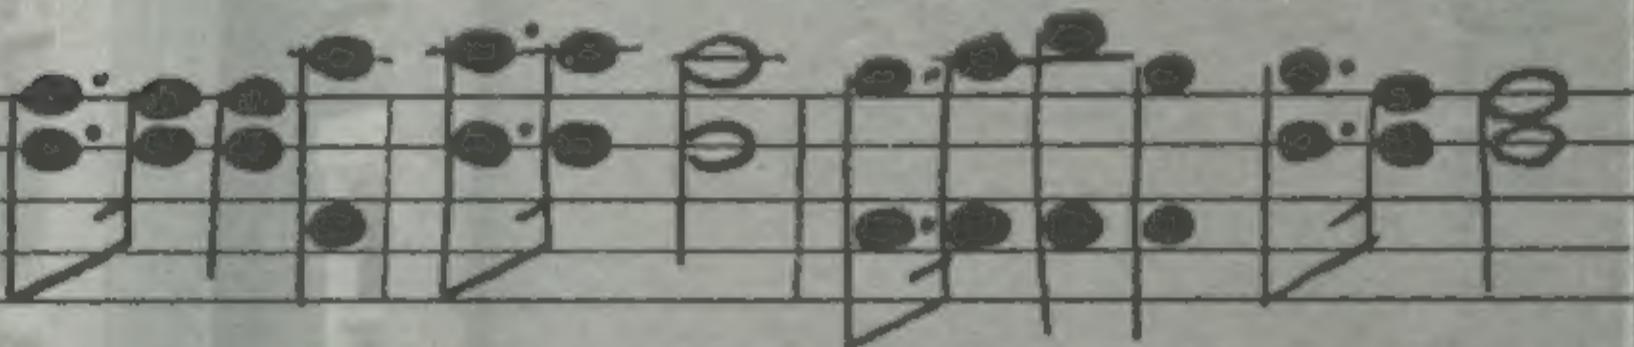

Bryan Hi, oh Bryan Hi, May thy praises never die.

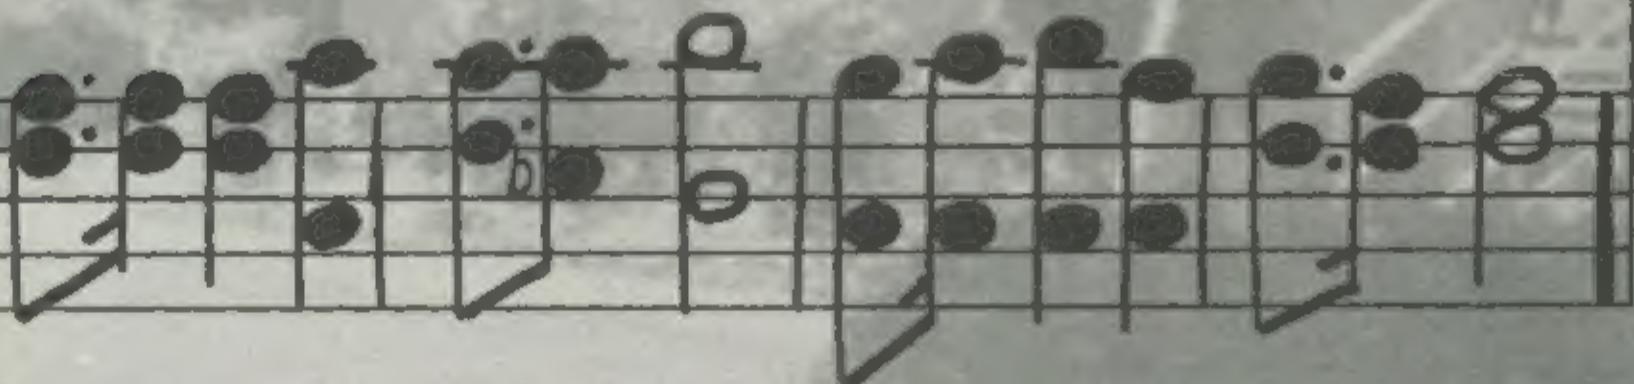

Lingers there its parting ray On the school we love the best.
May we heed thy clarion calls And be heroes in the strife.

Sing we now our love to thee, Love to thee, oh Bryan Hi.

Tune "*Maryland, My Maryland*"

Words by WALTER ROBROCK.
